1.3 TARIFF FORMAT

1.3.1 LOCATION OF MATERIAL

- A. Section 1 provides the following for all of the sections in this Tariff.
- Subject Index - an alphabetical listing to find the desired section.
 - Table of Contents - a numerical listing to find the desired section and page.
- B. Each individual section in the Tariff provides a Subject Index for the material located within that section.
- C. Obsolete Service Offerings

Obsolete service offerings are identified in the Tariff by adding 100 to the current section number.

1.3.2 OUTLINE STRUCTURE

The Tariff uses nine levels of indentations known as Tariff Information Management (TIM) Codes, as outlined below:

LEVEL	APPLICATION	EXAMPLE
1	Section Heading	1. APPLICATION AND REFERENCE

1. APPLICATION AND REFERENCE**1.3 TARIFF FORMAT (Cont'd)****1.3.3 RATE TABLES**

Within rate tables, four types of entries are allowed:

- Rate Amount

The rate amount indicates the dollar value associated with the service.

- A dash "-"

The dash indicates that there is no rate for the service or that a rate amount is not applicable under the specific column header.

- A footnote designator "[1]"

The footnote designator indicates that further information is contained in a footnote.

- ICB

The acronym "ICB" indicates that the product/service is rated on an individual case basis.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS

Access Arrangement

Any equipment or access facility necessary to connect the Customer's voice/data/video equipment to a Company point-of-presence for transmission purposes.

Access Channel

Access Channel is the ingress channel into the data network.

Access Code

A sequence of numbers that, when dialed, connects a caller to an interexchange carrier that is associated with that sequence. Dialing sequences which utilize a 950-XXXX, 1-800, or 101XXXX prefix are examples of access code arrangements available to customers.

Access Service Request (ASR)

Access Service Request is an order to provide the Customer with Data Services or to provide changes to existing Data Services

Accounting Code

A code consisting of two or more digits, which is available to customers for identifying individual users and thereby allocate the cost of long distance service.

Affiliate

Any entity (including any natural person or entity such as a corporation or partnership) controlling, under the control of or under common control with another entity.

Analog Transmission

Information transmitted in the form of continuously varying signal current and/or voltage.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Annual Period

The 12-month period commencing on the first day of the term and on each successive anniversary thereof.

Annual Revenue

The aggregate amount, prior to application of any discounts, charged by CenturyLink in an Annual Period.

Application For Service

A standard order form which includes all pertinent billing, technical, administrative, and other descriptive information which will enable the Company to provide telecommunications service to a customer.

ATM Adaptation Layer (AAL)

Provides the interface or format conversion (at the end points) between the higher-layer protocols and the ATM layer. The AAL maps the data stream of the originating protocol into the 48 byte payload of ATM cells and, on the receiving end, maps the format into the protocol of the higher level end device. The AAL used is determined by the timing relationship (clocking required), the bit rate (constant (video/voice) or variable (bursty LAN data) and the type of connection (Connection oriented (frame relay) or connectionless (IP)).

ATM Layer

Physical interface between the ATM Adaptation Layer (AAL) and the physical layer. It is responsible for relaying cells from the AAL to the physical layer for transmission and from the physical layer to the AAL for use at an endpoint (generating or extracting the 5-byte cell header).

ATM Network

The physical connections and media between and including the ATM capable carrier class switches (ATM Layer). The ATM Network does not include any customer premise equipment (including the AAL) or local access facilities.

Authorization Code

Unique numeric codes (usually consisting of five or more digits), which may be made available to customers and authorized users to identify themselves as being entitled to access and use the Company's services.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Authorized User

An individual, firm, corporation, or other entity authorized by the Customer or Subscriber to utilize communications services provided by the Company or Subscriber.

B8ZS (Bipolar with 8-Zero Substitution)

A line coding technique which permits DS-0 and DS-1 transmission with more than 15 consecutive zeros. B8ZS supports 64 Kbps clear channel transmission.

Bandwidth

The information-carrying capability of a channel. Analog transmission usually is expressed in kHz or MHz and digital transmission in Kbps and Mbps.

Bit

An abbreviation of binary digit which is the smallest unit of information in a binary notation system.

bps

Bits Per Second

Broadband Circuits

Circuits with a capacity greater than DS1 capacity or 1.544 Mbps.

Bulk Rounding

CenturyLink uses "Bulk Standard Rounding" to convert from the fourth decimal place to full cents. Bulk Standard Rounding rounds:

- up the amount billed for a call to the second decimal place, if the third and fourth decimal places of a call charge are equal to, or exceed, \$0.0050, and
- down the amount billed for a call to the second decimal place, if the third and fourth decimal places of a call charge are less than \$0.0050.

The difference between the billed charge and the actual call charge, negative or positive is applied to the next call, and such call's actual charges plus such difference are Bulk Standard Rounded in the same manner to determine the billed charge for such call. CenturyLink repeats this process for all calls.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Called Station

The terminating point to which a call is placed (also referred to as the terminating location).

Calling Station

The point from which a call is placed (also referred to as the originating location).

Carrier

Any provider of intrastate interexchange telecommunications services.

Casual Caller

The term "Casual Caller" denotes any person who uses the Company's Casual Caller Service from an equal access end office who does not have a current account with the Company, to include:

- Any person who has not established an account with the Company who places calls over the Company's network from an equal access area.
- Any person located in an equal access area who voluntarily terminated their Company account as set forth in Section 4 but continues to make calls over the Company's network.
- Any person located in an equal access area who has had their account terminated in accordance with the terms and conditions as set forth in Section 4 but continues to make calls on the Company's network.
- New or allocated Customers whose accounts are not yet established in the Company's billing system.

The terms, conditions and Casual Caller rates as specified in Section 7.4 of this Tariff apply to all calls made by Casual Callers. By placing a call on the Company's network, a Casual Caller accepts and agrees to the Casual Caller terms and conditions and rates. The Company will file Tariffs with the Arizona Corporation Commission that apply to Casual Callers who use dial-around 1+ Services.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Cell Loss Ratio (CLR)

The value obtained when dividing the number of cells that are lost on a virtual connection of the ATM Network during a Sample Period due to error or congestion of the ATM Network by the number of cells transmitted across the virtual connection during the Sample Period.

Cell Transfer Delay (CTD)

The delay experienced on a cell between the first bit of the cell being transferred to the receipt of the last bit of the cell being transferred on an ATM network.

Cell Delay Variation (CDV)

The difference between the maximum CTD and the minimum CTD experienced on a single connection during a Sample Period.

Committed Burst Size (B_c)

A usage parameter for traffic control and congestion control. B_c is the maximum data transmission rate on the Frame Relay network that CenturyLink agrees to handle over a particular subscriber link under normal network operating conditions.

Committed Information Rate (CIR)

A rate assigned to each Virtual Circuit by a Frame Relay Service subscriber. CIRs represent the committed transmission rates between two network ports. CIRs are available in 8 Kbps increments. The Customer or end-user may transmit or receive data over a PVC at speeds greater than the selected CIR up to the speed of the Port (burst). Additionally, burst traffic may be marked by CenturyLink as Discard Eligible (DE), and subsequently discarded in the event of network congestion.

Company

Refers to CenturyLink Communications, LLC.

Issued Date: 09-22-14

Effective Date: 09-23-14

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Contributory Services

Those services that contribute towards the overall commitment level under Total Advantage, but are not discountable according to the master discount schedule. By contributing towards the overall commitment level, these services will increase the discount level that is applied to the Discount Eligible category of services under the contract. These services will continue to receive discounts as designated in the individual service contracts. Contribution levels will be based on Monthly Recurring Charges (MRCs) for these services.

Customer (a.k.a. Subscriber)

A person, firm, partnership, corporation or other entity including Casual Callers, which arranges for the Carrier to provide, discontinue or rearrange telecommunications services on behalf of itself or others; uses the Carrier's telecommunications services; and is responsible for payment of charges, all under the provisions and terms of this Tariff.

Customer Provided Access

End User Connectivity from the Customer premises (business address only) to the Company's Point of Presence Serving Wire Center (QPOP SWC). May not be applicable if the End User provides direct connectivity all the way to the Company's POP. If applicable the rate shall be set forth in the Company's Rates and Services Schedule.

Dedicated Access Arrangement

An arrangement whereby the facilities used between the Customer's premises and the Carrier point of presence are directly linked. Such arrangements may involve interconnection facilities provided by the Customer, another carrier, or a local access provider.

Digital Service (DS)

Hierarchy of digital signal speeds used to classify capacity of lines and trunks.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Discard Eligibility (DE)

A bit indicating that a frame may be discarded in preference to other frames if congestion occurs so as to maintain the CIR. It is the responsibility of the intelligent end-equipment and/or protocol to recognize the discard of a frame and respond by resending the frame.

Discount Eligible Services

Discount Eligible Services contribute towards the overall Total Advantage commitment level. Discount eligible products which bill on the same billing system can aggregate towards predetermined discount levels, meaning the more spent on this common group of products, the higher the Customer's discount will be. Contribution levels will be based on monthly recurring charges (MRCs), counted towards the contract commitment levels and receive term and volume discounts where applicable.

Domestic Calls

Calls within the continental United States, to and from some regions of Hawaii, and to Alaska, Puerto Rico, Guam, US Virgin Islands and The Commonwealth of Northern Mariana Islands.

DS0

Digital Service, Level 0. Measured at 64,000 bps, it is the worldwide standard for digitizing one voice conversation using pulse code modulation (PCM).

DS1

Digital Service, Level 1. Consists of 24 DS0 channels and has a capacity of 1.544 Mbps. (Also called T-1)

DS3

Digital Service, Level 3. Equivalent of 28 DS1 channels and operation at 44.736 Mbps. (Also known as T-3)

Embarq Local Operating Companies (a.k.a. Embarq LOC)

The term used to describe Embarq Corporation's Incumbent Local Exchange Carriers (ILECs).

APPROVED FOR FILING
DECISION #: 74407

Issued Date: 09-22-14

Effective Date: 09-23-14

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Entrance Site

A location of the Company's transmission facilities from which services can be provided for a Customer to any other Entrance Site or Point of Presence.

Excess Burst Size (B_e)

A usage parameter for traffic control and congestion control. B_e is the maximum amount of uncommitted data (in bits) in excess of B_c that CenturyLink will attempt to deliver on the Company Frame Relay network during a Measurement Interval. This data (B_e) is flagged as discard eligible and may be transmitted with a lower probability of receipt than B. data.

Exchange Area

The term "Exchange Area" denotes a geographically defined area wherein the telephone industry through the use of maps or legal descriptions sets down specified areas where individual telephone exchange companies hold themselves out to provide communications services.

Facility (or Facilities)

Any item or items of communications plant or equipment used to provide or connect to Company services.

F.C.C.

The term "F.C.C." refers to the Federal Communications Commission.

Foreign Exchange Service

Provides the Customers with the capability of local dialing in a remote exchange via private line service.

Frame Check Sequence (FCS)

Bits added to the end of a frame for error detection.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Frame Delivery

The percentage of frames which are successfully delivered over the Company network, excluding frames which are not delivered due in whole or in part to factors unrelated to the Company network.

Frame Relay Access Device (FRAD)

A device that is responsible for framing data with header and trailer information prior to presentation of the frame to the frame relay switch. On the receiving end, the FRAD strips away the frame relay control information so that the target device is presented with the data in its original form. A FRAD is required for connection into the Company Frame Relay network.

Frame Relay Network

The physical connections and media between and including the Frame Relay capable carrier class switches. The Frame Relay Network does not include any customer premise equipment, tail circuits, or local access facilities.

Frame Relay Network Device (FRND)

A frame relay network router. FRNDs work in conjunction with FRADs which are the user side of the Frame Relay network connection.

Hertz

The term "Hertz" is a unit of frequency equal to one cycle per second.

Individual Case Basis (ICB)

Individual Case Basis (ICB) determinations involve situations where nonstandard service arrangements are required to satisfy specialized Customer needs. The nature of such service requirements makes it difficult or impossible to establish general Tariff provisions for such circumstances. When it becomes possible to determine specific terms and conditions for such offerings, they will be offered pursuant to such terms and conditions when set forth in writing and subscribed to by authorized representatives of the Customer and Authorized Headquarters Representative(s) of the Company.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Intercity Circuit

Denotes a circuit, created by the Company by means of multiplex equipment, between the Company's switches which are shared by the Customers. Shared intercity circuits will consist of identifiable and discrete circuits between a given city-pair.

Intercity Mileage

The mileage, measured as the shortest distance between any two of the Company's Points of Presence using the Serving Wire Centers "V" & "H" coordinates noted in NECA Tariff F.C.C. No. 4 associated with said Company's Points of Presence.

Interconnection Facilities

Circuits and/or dedicated access arrangements provided by the Customer or a third party supplier to interconnect the Customer with the Company's service. The Customer shall have sole responsibility for the ordering, installation, maintenance, and payment of such facilities.

InterLATA

Communication between two different LATAs.

IntraLATA

Communication within a Local Access Transport Area (LATA).

IXC

Denotes an interexchange carrier.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Kbps

Kilobits per second.

LightLink Service

LightLink Service provides a high capacity channel for the transmission of 44.736 Mbps isochronous serial data having a line code of Bipolar with Three Zero Substitution (B3ZS). LightLink Service is provided between two points located within the contiguous United States. The required format and interface specifications are contained in Technical Reference Publications 62508 and 62411, and the associated Addendum TR-INS-000342 and TR-NPL-000054

Local Access and Transport Area (LATA)

A geographic area established for the provision and administration of communications service. It encompasses one or more designated exchanges, which are grouped to serve common social, economic and other purposes.

Local Access Facility

The channel provided by the local telephone company (or other local service provider) to connect the point of presence to a Customer location.

Local Access Provider

A local exchange carrier or other entity which furnishes interconnection facilities between the Customer's premises and the Company's point of presence (POP) in a LATA.

Local Calling Area

That area throughout which an exchange service customer, at a given rate, may make calls without the payment of a toll charge. A local service area may be made up of one or more exchange areas.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Local Exchange Company (LEC) (a.k.a. Local Telephone Company)

A company which furnishes local exchange telephone services.

Location

A physical premises to or from which the Company provides service.

Mbps

Megabits per second.

Measurement Interval

The interval of time which the Company Frame Relay network uses to measure burst rates which exceed the CIR, as well as the length of the bursts.

Message Telecommunications Service (MTS)

The term "Message Telecommunications Service" is a generic name for switched long-distance (Dial-1) service.

Minimum Service Period

The minimum period of time during which the customer is obligated to pay for services provided by the Company.

Monthly Recurring Charge

The charge payable each month by the Customer to the Company for services provided on a continuous basis to the Customer.

Monthly Revenue

The aggregate amount, prior to the application of any discounts, charged by CenturyLink in a monthly period.

New Customer

Any person or entity that has not utilized any Company service in the prior 12-month period.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Nonrecurring Charge

A one-time charge payable by the Customer to the Company for installation or temporary use of service facilities.

Normal Work Hours

The time after 8:00 a.m. and before 5:00 p.m., Monday through Friday excluding Company-observed holidays.

NPA

"Numbering Plan Administration" or "NPA" means a specific geographic area identified by a unique NPA code. The NPA (area code) is a 3-digit code that identifies the NPA for purposes of call routing. The NPA Administrator is the entity within a NPA that assigns central office prefixes (telephone numbers) to users in the NPA.

NXX

The second three digits of a ten-digit telephone number, representing the central office or exchange from which a call originates.

OC-3

A 155.52 Mbps digital transmission system equivalent to 2,016 voice frequency circuits/channels or 84 T-1 facilities.

OC-12

A 622.08 Mbps digital transmission system equivalent to 8,064 voice frequency circuits/channels or 336 T-1 facilities.

Optical Carrier - Level N (OC-N)

The optical interface designed to work with the STS-n signaling rate in a Synchronous Optical Network (SONET). OC1 is a 51.840 Mbps signal. All higher levels are direct multiples of OC1.

2.1 DEFINITION OF TERMS (Cont'd)

OptiPoint-3 (OC-3) Service

OptiPoint-3 (OC-3) Service is a high speed optical transmission service supporting voice, data, and video applications in a point-to-point fashion. OptiPoint-3 (OC-3) Service offers 155.520 Mbps of bandwidth and provides the equivalent of 2,016 Voice Grade (DS-0) circuits or 84 T-1 facilities.

OptiPoint-12 (OC-12) Service

OptiPoint-12 (OC-12) Service is a high speed optical transmission service supporting voice, data, and video applications in a point-to-point fashion. OptiPoint-12 (OC-12) Service offers 622.080 Mbps of bandwidth and provides the equivalent of 8,064 Voice Grade (DS-0) circuits or 336 T-1 facilities.

Permanent Virtual Circuit (PVC)

A Frame Relay or ATM fixed logical link, whose endpoints and class of service are defined by CenturyLink. A PVC is a pre-defined virtual circuit that provides the features of a dedicated private line service over a packet switching network between two port connections. Once a PVC is defined, it requires no setup operation before data is sent and no disconnect operation after data is sent. PVCs are defined on the basis of simplex (or asymmetrical) transmission which allows the user to establish different data transmission rates in each direction.

Physical Layer

Includes all electrical and mechanical aspects relating to the connection of a device to a transmission medium, such as the connection of a workstation to a LAN. Included at this layer are issues specific to the manner in which a device gains physical access to the medium and how it goes about putting bits on the wire or extracting bits from the wire. As the lowest level of network processing, the Physical Layer deals with issues such as volts, amps, and pin configurations and handshaking procedures. Communications hardware (e.g., NICs and MAUs) and software drivers are specified at the Physical Layer.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Point of Presence (POP)

The Company's physical presence in a local calling area or LATA that is used for the purpose of transmitting telephone calls.

Premises

The space designated by a Customer at its place or places of business for the provision of service.

Presubscription

A service arrangement whereby the Customer authorizes the local telephone company to route all interLATA and/or intraLATA calls to the Company.

Primary Interexchange Carrier

The long distance service provider to which a Subscriber is presubscribed for 1+ long distance service. The chosen carrier's network is accessed by dialing 1+ the area code and telephone number.

Private Line Services

Private Line Service is an interLATA high-speed digital communications service using a physical fiber optic connection between two intrastate interLATA locations. Private Line Services are dedicated, non-switchable connections that can provide a constant and committed availability of capacity for a single Customer on a transmission path only between fixed, Customer-specified locations. Private Line transmission speeds range from 64 kbps to 512 kbps, DS1, DS3, OC3, OC12 and OC48 speeds. OC3, OC12 and OC48 speeds are offered on an Individual Case Basis.

Private Line circuits are priced at a fixed recurring charge based on line speed and the V&H miles between two Company POPs. The POPs are determined by locating the nearest available Company POP to the Customer or end-user locations (as determined by the NPA/NXX of the locations).

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Promotional Offerings

Discounts and/or other modifications to the Company's standard service offerings, which may be offered from time to time to Customers using a particular service. Special Promotional Offerings may be limited to certain dates, times, and locations.

Qualified Residential

Business customer's employees, listed in the product section herein as qualified residential, may subscribe to the business customer's service for satellite locations (e.g., from home). The satellite locations will receive the customer's applicable underlying business rates as defined in this Tariff. The usage of the business customer's employees' services will be invoiced to the business customer and the business customer will be financially responsible for payment of such employee's usage.

Quality of Service (QoS)

Quality of Service is a measure of the service quality provided to the subscriber. For ATM and Frame Relay services, QoS parameters and reference configurations for the User Network interface are assigned by the ITU-T. CenturyLink provides different QoS choices for ATM and Frame Relay services as a mechanism for customers to have tighter control of how the network handles their traffic and to match the appropriate network services to the particular needs of their traffic.

2.1 DEFINITION OF TERMS (Cont'd)

Rate Center

"Rate Center" means specific geographic locations from which airline mileage measurements are determined for the purpose of rating local, Extended Area Service (EAS), and toll traffic.

Regular Billing

The term "Regular Billing" denotes a standard billing invoice sent in the normal billing cycle. This billing consists of one (1) invoice for each account assigned to the Subscriber together with explanatory detail showing the derivation of the charges.

Regular Voice Grade Facility

A communications channel with a bandwidth of approximately 2,700 Hertz (300 to 3,000 Hertz).

Service Category

A specific set of QoS requirements and Usage Parameters selected to meet requirements of a customer's ATM or Frame Relay application.

Service Date

The date the Customer begins to utilize the service or the date that the service is made available for use by the Customer or its authorized users, whichever is sooner.

Serving Wire Center

The term "Serving Wire Center" denotes the physical location within a local exchange company's central office or other service provider's facility used to determine mileage sensitive rates. There is a serving wire center associated with each Customer location and each Company location.

Switched Virtual Circuit (SVC)

A virtual circuit connection established across a network on an as-needed basis and lasting only for the duration of the transfer. The datacom equivalent of a dialed phone call, the specific path provided in support of the SVC is determined on a call-by-call basis and in consideration of both the end points and the level of congestion in the network. SVCs contrast to Permanent Virtual Circuits (PVCs) which require manual set-up in network switching and customer premises equipment.

T-1

A 1.544 Mbps digital transmission system equivalent to 24 voice frequency circuits/channels.

T-3

A 1.544 Mbps digital transmission system equivalent to 672 voice frequency circuits/channels or 28 T-1 facilities.

Telecommunications

The transmission of voice communications or, subject to the transmission capabilities of the service, the transmission of data, facsimile, signaling, metering, or other similar communications.

TransLink Service

TransLink Service provides a high capacity channel for the transmission of 1.544 Mbps isochronous serial data having a line code of Bipolar Return-to-Zero (BPRZ). TransLink Service is provided between two points located within the contiguous United States. The required format and interface specifications are contained in Technical Reference Publications GR-54 and GR-342.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE**

These regulations are added to those pertaining to specific service items in other sections. Any change in rates or regulations approved by appropriate governmental authority modifies all service terms and conditions.

2.2.1 UNDERTAKING OF THE COMPANY

- A. The furnishing of the communications services under the terms of this Tariff will be provided by the Company alone, or in conjunction with services of other carriers. Service is available 24 hours per day, 7 days per week for the transmission of interLATA and intraLATA services. The facilities of the Company will be available as soon as practicable upon receipt of an order for service. Interconnection of the Company's facilities with the facilities of other duly authorized and regulated communications common carriers, and with International Record Carriers ("IRCs"), will be permitted.
- B. Service consists of the furnishing of transmission capabilities to Customers, authorized users, and joint users for the placement and/or receipt of long distance calls between the locations specified herein. Such services are offered subject to the availability of the necessary facilities and equipment to provide the service. The obligation of the Company to provide service is dependent upon its ability to procure, construct, and maintain facilities which are required to meet the Subscriber's order for service. The Company will make all reasonable efforts to secure the necessary facilities and will amend its Tariff accordingly, providing such new service will not adversely affect the Company's present services.
- C. The Company, when acting at the Customer's request and as its authorized agent, will make reasonable efforts to arrange for presubscription, interconnection, and other service requirements.

2.2.2 LIMITATIONS

- A. Service is offered subject to the availability of facilities and the provisions of this Tariff. The Company reserves the right to provide services only to and from locations where the necessary facilities and/or equipment are available and the furnishing of services under this Tariff is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
- B. The Company reserves the right to refuse or discontinue furnishing services when necessitated by conditions beyond its control. Such conditions include, but are not limited to, a Customer having call volume or calling patterns that result, or may result, in network blockage or other service degradation which adversely affects service or other customers of the Company.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE****2.2.2 LIMITATIONS (Cont'd)**

- C. Service may be discontinued without notice to a Customer by blocking traffic to certain cities or exchanges, or by blocking calls using certain access codes or authorization codes, when the Company deems it necessary to take such action to prevent unlawful use of its services.
- D. The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- E. A Customer shall not use any service mark or trademark of the Company or refer to the Company in connection with any product, equipment, promotion, or publication of the Customer without the prior written consent and approval of the Company.
- F. The Customer shall not use, nor permit others to use, the service in a manner that could interfere with services provided to others, that could harm the facilities of the Company or others, or that is not consistent with any applicable law or regulation.
- G. The provision of service will not create a partnership or joint venture between the Company and the Customer nor result in joint service offerings to their respective authorized users.
- H. Neither the Services provided pursuant to this Tariff, nor the Customer's obligations hereunder, may be assigned or otherwise transferred without the prior written consent of the Company.
- I. The Company reserves the right to refuse an application for service made by a present or former customer who is indebted to the Company for telephone service previously furnished, until the indebtedness is satisfied.

2.2.3 TERMS AND CONDITIONS

- A. Service is provided on a monthly basis, 24 hours per day as described herein. For the purpose of computing charges in this Tariff, a month is considered to have 30 days.
- B. The Customer shall at all times comply with all applicable federal, state, and local statutes, ordinances, regulations, and orders of any commission or other governmental body. All Customers are responsible for taking all the necessary legal steps for interconnecting their terminal equipment or communications systems with the Company facilities or services and shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.
- C. The Customer agrees to operate Company-provided equipment in accordance with the instructions of the Company or its authorized agent. Failure to do so will void any Company liability for interruption of service and may cause the Customer to be responsible for damages to equipment pursuant to this Tariff.
- D. The Customer agrees to return all Company-provided equipment to the Company within five days of termination of service in connection with which the equipment was used. Equipment shall be in the same condition as when delivered to the Customer, normal wear and tear only excepted. The Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to the Customer's failure to comply with this provision.
- E. The Company reserves the right of entrance for its employees, agents, or contractors to the premises of the Customer, at any reasonable hour for the purpose of installing, inspecting, repairing, or upon termination of service removing the Company's equipment. The Customer shall be responsible for making any necessary arrangements for the Company's entrance to the Customer's premises.
- F. In the event the Company files suit or retains an attorney to enforce the terms of this Tariff, the Company shall be entitled to recover, in addition to any other remedies, all attorneys' fees for in house and outside counsel, court costs, costs of investigation and any other related expenses in connection therewith.

- G. The remedies set forth herein shall not be exclusive and the Company at all times shall be entitled to all rights available to it under either law or equity.
- H. Except as otherwise provided herein, or as specified by the party entitled to receive service, notices from the Company may be given orally or in writing to the person(s) whose names appear on the executed Application for Service.
- I. The Company may require a Subscriber to sign an application form furnished by the Company and to establish his credit as provided in these Regulations, as a condition precedent to the initial establishment of such service. Company's acceptance of an order for service to be provided to an applicant whose credit has not been duly established, may be subject to the provisions as described elsewhere in this Tariff.
- J. The Company may also require a signed authorization from the Subscriber for additions to or changes in existing service for such a Subscriber.

2.2.4 LIABILITY

- A. The Company shall not be liable to Customer or any other person, firm, entity, for any failure to perform its obligations under this Tariff due to any cause or causes beyond its reasonable control, as determined by the Company.
- B. The Company is not liable for any act or omission of the Customer, authorized user, or any other company or companies furnishing a portion of the service. In no event shall the Company or any of its affiliates be liable for claim or loss, expense or damage (including indirect, special or consequential damage) for any interruption, delay, error, omission, addition, or defect in any service, facility or transmission of any person or entity furnishing any portion of the service, facilities, or equipment associated with the service or for damages caused by services, facilities, or equipment furnished by such person or entity.
- C. The Company shall be indemnified and held harmless by the Customer against any claim or loss, expense or damage (including indirect, special or consequential damage) for defamation, libel, slander, invasion of privacy, infringement of a copyright or patent, unauthorized use of any trademark, trade name or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary right, or any other injury to any person, property, or entity arising out of the material, data, information, or other content revealed to, used, or transmitted by the Company.

2.2.4 LIABILITY (Cont'd)

- D. The Company shall not be liable for any defacement of or damages to the premises of a Customer or authorized user resulting from the furnishing of service, which is not the direct result of the Company's negligence.
- E. The Company is not liable for any defacement of or damage to the premises of a Customer resulting from the furnishing of services or the attachment of instruments, apparatus, and associated wiring furnished by the Company on such Customer's premises or by the installation or removal thereof, when such defacement or damage is not the direct result of the Company's negligence.
- F. The Company does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere that is explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. Customers and authorized users indemnify and hold the Company harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any party or persons, for any personal injury to or death of any person or persons, and for any loss, damage, or destruction of any property, whether owned by the Customer, authorized user, or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of such equipment so used.
- G. In no event shall the Company or any of its affiliates be liable to a Customer, its customers or any of their affiliates under this Tariff for any loss of profit or revenue or for any incidental, consequential, indirect, punitive or similar or additional damages incurred or suffered as a result of incorrect or defective transmissions, or any direct or indirect consequences thereof, while using the services, performance, non-performance, termination, breach, or other action or inaction, on the part of the Company, under this Tariff, even if the Customer advises the Company of the foreseeability, possibility, likelihood, probability or certainty of such loss or damage.

- A. The Company's services may not be used for the unlawful or unauthorized provision of telecommunications services.
- B. Service furnished by the Company may be used for one or more of the following:
- for the transmission of communications by the Customer;
 - for the transmission of communications by an authorized user as defined herein;
or
 - for the transmission of communications to or from a Customer of another common carrier, which has subscribed to the Company's communications services.
- C. The Customer shall not use nor permit others to use the service in a manner that could impede or interfere with the services provided to others, that could harm the facilities of the Company or others, or that is inconsistent with any applicable law or regulations. Subscribers will promptly cooperate with the Company to prevent unauthorized access by third parties of the services furnished by the Company.

Customers are responsible for notifying the Company when new lines are added to their account. New lines will not receive the rates associated with the Customer's account until the Company has been notified to add those lines to the Customer's account. Calls placed over such new lines will be rated as Casual Caller Service calls until the lines have been added to the Customer's account.

- D. No person, firm, corporation, agency, Customer, authorized user or other entity shall resell nor permit others to resell the Company's services without the prior written consent of the Company.

2.2.7 PAYMENT ARRANGEMENTS

- A. The Customer is responsible for payment of all charges for services furnished to the Customer and/or authorized users. This responsibility is not changed by virtue of any use, misuse, or abuse of the Customer's service or Customer-provided equipment or facilities by third parties, including, without limitation, the Customer's employees or the public.
- B. Billing will be payable upon receipt. Amounts not paid within 30 days after the invoice is rendered will be considered past due. A late payment charge at the rate of 1.50% per month (unless a lower rate is prescribed by law, in which event at the highest rate allowed by law) may accrue upon any unpaid amount commencing five days after the date the payment is past due. When billing is provided by a local exchange company on behalf of the Company, the local exchange company's tariffed late payment charge applies to all past due amounts, if applicable.

- C. Usage charges are billed after each usage cycle. In the event that the Company's usage recording system fails or is otherwise unavailable for all or part of any billing period, the Company shall be entitled to make a reasonable estimate of Customer's usage of services in the period in question for billing purposes.
- D. Nonrecurring charges are payable when the service for which they are specified has been ordered. If an entity other than the Company (e.g., another carrier or supplier) imposes or will impose charges on the Company in connection with an ordered service, those costs will also be charged to the Customer.
- E. If an entity other than the Company (e.g., another carrier or supplier) imposes charges on the Company in connection with the provision of any aspect of the service, the Customer shall pay all such charges, either directly to the local access provider or to the Company. The Company, at its sole discretion, reserves the right to reimburse or waive such charges.
- F. All stated charges in this Tariff are computed by the Company exclusive of any federal, state, local, use, excise, gross receipts, sales or privilege taxes, duties, fees or similar liabilities. Such taxes, fees, etc., shall be paid by the Customer.
- G. Any objections to billed charges must be promptly reported to the Company. If notice of a dispute of charges is not received by the Company within 60 days after an invoice is rendered, such invoice may be deemed to be correct and binding. Adjustments to invoices shall be made to the extent that circumstances exist which reasonably indicate that such charges are inappropriate. When billing is provided by a local exchange company on behalf of the Company, the local exchange company's dispute policy applies.
- H. In the event the Company incurs fees or expenses in collecting, or attempting to collect any charges owed the Company, or to otherwise enforce the provisions in this Tariff, the Customer will be liable to the Company for the payment of all such fees and expenses. Such fees and expenses may include, but are not limited to, attorney's fees, court and other costs, costs of investigation, and any other related expenses in connection therewith.

A charge equivalent to the applicable state return check charge may be applied whenever a check or draft presented for payment of service is not accepted by the institution on which it is written. When billing is provided by a local exchange company on behalf of the Company, the local exchange company's return payment charge applies.
- J. If a check, draft, or other payment instrument remitted by a Customer or authorized user is dishonored more than once during a 12-month period, the Company may refuse acceptance of further such payment methods and place the debtor on a cash basis. Under a cash basis, the Company may require payment in the form of U.S. currency, money orders, or an instrument that is guaranteed or issued by a third party that is acceptable to the Company.
- K. The applicant or Customer may be required to make a deposit to be held as a guarantee for the payment of charges for services furnished. When service is terminated, the amount of the deposit, with interest, will be applied to any indebtedness to the Company. A deposit will be refunded or credited to the Customer's account after 12 months if the Customer has not been delinquent in payment. The deposit will bear simple interest at the rate of 6% a year payable on the actual amount on deposit with the Company. When billing is provided by a local exchange company on behalf of the Company, the local exchange company's deposit policy applies.
- L. In the event that a Customer's account becomes delinquent, the Company may require the prepayment of additional months of actual or estimated recurring and/or nonrecurring charges for the services ordered hereunder as a condition of the continued provision of all such services. When a change in service arrangement involves the use of facilities or services furnished by the Company, installation charges do not apply to the facilities or services continued in use.

2.2.9 RESTORATION OF SERVICE

The use and restoration of service provided in emergency situations shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

2.2.10 INSPECTION

The Company, or its authorized agents, may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the premises are in compliance with the terms and conditions of this Tariff, and with installation, operational, or maintenance specifications of the Company. If requirements are not met, the Company may interrupt the service at any time, without penalty to the Company.

2.2.11 CANCELLATION FOR CAUSE BY THE COMPANY

- A. The Company may immediately discontinue the furnishing of services to a Customer, without incurring any liability, upon a violation of any of the provisions governing the furnishing of service under this Tariff or any applicable laws, rules or regulations, or upon non-payment of any sum owed to the Company.
- B. The Company may immediately discontinue the furnishing of services to a Customer without incurring any liability, if the Company determines that such action is necessary to prevent or to protect against fraud or to otherwise protect its personnel, agents, facilities, or services.
- C. The Company may immediately discontinue the furnishing of services to a Customer, without incurring any liability, if the Customer:
 - refuses to furnish information regarding the Customer's credit-worthiness, its past or current use of common carrier services, or its planned use of services; or
 - provides false information pertaining to its credit-worthiness, its past or current use of common carrier services, or its planned use of services.

2.2.11 CANCELLATION FOR CAUSE BY THE COMPANY (Cont'd)

- D. The Company may immediately discontinue the furnishing of services to a Customer, without incurring any liability, if the Customer uses, or attempts to use, service with the intent to avoid payment, either in whole or in part, by rearranging, tampering with, or making connections to the Company's service which is not authorized by this Tariff or by using tricks, schemes, false or invalid accounts numbers, false credit devices, electronic devices, or any other fraudulent means or devices.
- E. The Company may immediately discontinue the furnishing of services to a Customer upon written notice, without incurring any liability, if a voluntary or involuntary proceeding is commenced by or against the Customer in any jurisdiction seeking liquidation, reorganization or other relief under any bankruptcy or similar law; or if the Customer makes an assignment for the benefit of creditors which is not dismissed within 60 calendar days of filing; or the Customer generally does not pay, or is not able to pay their debts as they become due.
- F. The Company may immediately discontinue the furnishing of services to a Customer upon at least five days written notice, without incurring any liability, if the Customer fails to perform or observe any regulation or obligation set forth under this Tariff and any such failure remains unremedied after receipt of a notice from the Company informing the Customer of such failure.
- G. Discontinuance of services by the Company pursuant to this Section shall not relieve the customer of any obligation to pay the Company for charges due and owing for facilities and/or services furnished up to the time of discontinuance.
- H. The remedies set forth herein shall not be exclusive and the Company at all times shall be entitled to all rights available to it under either law or equity.

Upon reasonable notice, the facilities, equipment, and/or services provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary to maintain them in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.2.13 LOCAL ACCESS

Total Advantage-Private Line Service provides dedicated point-to-point private line connections over CenturyLink's backbone network between two or more Points of Presence (POPs). Access to the local network is provided by the local exchange company (LEC). It is the Customer's responsibility to make arrangements with the local exchange company for their local access. CenturyLink may order interconnection facilities on behalf of the Customer if the Customer furnishes the Company with a Letter of Agency (LOA). Local access ordered on behalf of the Customer by CenturyLink will be at current local exchange company rates and charges.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)****2.2.14 INTERCONNECTION WITH OTHER CARRIERS**

- A. Service furnished by the Company may be connected with services or facilities of another participating carrier, authorized user, or joint user. Such interconnection may be made at a Company terminal or entrance facility, at a terminal of another carrier, or at the premises of a Customer or an authorized user. Service furnished by the Company is not part of a joint undertaking with such other carriers.
- B. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of the Company and other carriers shall be provided at the Customer's expense. Upon written request and acting as his authorized agent, the Company will use its best efforts to make the necessary arrangements for such interconnection.
- C. Service furnished by the Company may be interconnected with the facilities or services of another carrier under the terms and conditions of tariffs applicable to such connections. Service may not be arranged for resale by any Customer, user, or other entity, without the prior written consent of the Company.
- D. The Company may order interconnection facilities and/or initiate the presubscription process on behalf of a Customer if the customer furnishes the Company with a Letter of Agency. The Customer's use of interconnection facilities shall conform to the regulations, terms, and conditions under which the carrier provides such access. The Customer shall bear the ultimate responsibility for all aspects of the local interconnection facility including, but not limited to, ordering, testing, installation, maintenance, use, and payment of such facilities.
- E. The Customer shall pay all local dedicated access charges for interconnection facilities associated with dedicated access arrangements, either directly to the local access provider or to the Company as specified in its invoice to the Customer, at the Company's option. Such charges may be adjusted by the Company, at its sole discretion. Unavailability, delay in installation, or other impairment of interconnection facilities shall in no event excuse the Customer's obligation to pay the Company the charges applicable to the services, whether or not such services are used or usable by the Customer.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)****2.2.15 ALLOWANCE FOR INTERRUPTIONS**

- A. The Customer may be eligible for an Allowance for Interruption in service, subject to the following conditions:
1. A Service Interruption shall be deemed to have commenced upon verifiable notification thereof by the Customer to the Company, or when indicated by network control information actually known to the Company's personnel, whichever is earlier. Each such interruption shall terminate upon restoration of the affected service, as determined by the Company.
 2. An Allowance for Interruption shall be granted only for Service Interruptions resulting from the unavailability of the circuits arranged by the Company to the Customer and shall not be granted if the interruption of any service is due to an outage or other defect occurring in the facilities furnished by any other carrier.
 3. An interruption period begins when the Customer reports to the Company that the service has been interrupted and releases it for testing and repair. An interruption period ends when the service is restored. If the Customer reports the service to be inoperative but declines to release it for testing and repair, the service is deemed to be impaired, but not interrupted.
 4. If the Customer elects to use the services of another carrier after any of the above interruptions, or during a period when the Customer is unable to place a call using the Company's services, the Customer shall pay the charges for the alternative service used.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE****2.2.15 ALLOWANCE FOR INTERRUPTIONS****A. (Cont'd)**

5. For Private Line Service, a Service Interruption Credit shall apply to the charges for the total mileage between end terminals of any circuit affected by a Service Interruption; provided, however, that if any portion of the affected circuit remains beneficially used or usable by the Customer, the Service Interruption Credit shall not apply to that pro rata portion of the facility that is available for use. The length of each Service Interruption shall be calculated in hours and shall include fractional portions thereof.
6. For services that are subject to a monthly recurring charge, allowances for interruptions will be determined as follows:
 - a. When service is interrupted for a period of less than two hours, no credit allowance will be given.
 - b. When the service is interrupted for a period of two to 24 hours, the amount of the credit allowance shall not exceed 1/30 of the monthly recurring charge or charges for the circuit.
 - c. When the service is interrupted for a period over 24 hours, the amount of the credit allowance shall not exceed 1/30 of the monthly recurring charge or charges for the circuit multiplied by the number of 24 hour periods during which the service was interrupted.

The amount of the credit allowance shall be determined by the Company and shall not exceed an amount equivalent to the proportionate charge for the period during which the service is interrupted. In no event shall usage charges be eligible for Allowances for Interruptions.
8. Allowances for Interruptions shall be granted upon a Customer's request and at the Company's sole discretion. No credit allowances shall be made for:
 - a. Interruptions that are caused by the negligence of the Customer or others authorized by the Customer to use the Customer's service.
 - b. Interruptions that are due to the failure of power, equipment, systems, or services not provided by the Company.
 - c. Interruptions during any period during which the Company or its agents are not afforded access to the premises where access lines associated with the Customer's service are located.
 - d. Interruptions during any period when the Customer or user has released the service to the Company for maintenance, rearrangement, or the implementation of a Customer order.
 - e. Interruptions during any period when the Customer or user has refused to release the service for testing or repair.
 - f. Interruptions during any period when the non-completion of calls is due to network busy conditions.
 - g. Interruptions not promptly reported to the Company.

Insofar as practicable, any sales, use, privilege, excise, franchise or occupation tax, costs of furnishing service without charge or similar taxes or impositions now or hereafter levied by the Federal, State, or Local government or any political subdivision or taxing authority thereof may be billed by the Company to its exchange customers on a pro rata basis in the areas wherein such taxes, impositions or other charges shall be levied against the Company.

2.4 OWNERSHIP OF FACILITIES

Title to all facilities provided by the Company in accordance with these regulations remains with the Company.

2.5 RESTRICTED SERVICE

The following Condition Applies To Services Provided By CenturyLink Communications, LLC (f/k/a Embarq Communications, Inc. d/b/a CenturyLink Communications).

Under certain circumstances, as described below, a Customer's long distance service may be suspended, and the Customer routed to a receivable operator if the Customer has incurred significant pre-bill charges and one or more of the following apply:

- A. The Customer does not have credit information available from one of the major credit reporting agencies;
- B. The Customer has poor credit based on industry standards;
- C. The Customer has not paid a bill in a timely manner; or
- D. The Customer's usage resembles fraudulent usage.

If the Customer is routed to a voice response unit, the Customer will be advised that their service has been restricted. The Customer will be provided the option of either: 1) making a prepayment using a credit card or 2) dialing a toll free number to speak with a collection representative.

The receivables operator or collection representative will explain the reasons for the restricted service and the requirements for the Customer to resume unrestricted service. For example, if the Customer has not paid a bill in a timely manner (in compliance with the requirements of Payment of Charges as specified elsewhere in this Tariff), payment of the outstanding bill will be requested. The Company also may request a deposit or a demonstration that the Customer incurred similar charges with another carrier and paid such carrier in a timely manner.

2.8 PAYMENT OF BILLS

A. Duplicate Bill Charge

The following charge applies where billing capabilities exist. In the event a customer requests a reprint of a monthly bill that is greater than six months old, a duplicate bill charge may apply. When billing is provided by a local exchange company on behalf of the Company, the local exchange company's duplicate bill policy applies.

- Residence, per account
- Reprint on paper, per bill \$5.00
- Business, per account
- Reprint on paper, per bill 5.00

B. Convenience Fee Charge

In the event a business customer makes a one-time payment using a credit card or an electronic funds transfer over the phone with a CenturyLink representative, a Convenience Fee Charge may apply. Payments for a deposit or advance payment to establish new service are excluded from the Convenience Fee Charge. This charge does not apply to business customers enrolled in automatic payment plans, customers who pay their bill by mail or who use their financial institution's bill payment service, customers with multiple accounts with the Company, customers with service under a contractual arrangement that stipulate that such payments would not be assessed a fee, and customers without a computer. This one-time charge will appear on the customer's bank or credit card statement along with the payment amount.

CHARGE

- Convenience Fee Charge, per occasion \$4.00
(Live Representative)

C. Monthly Recurring Charges

After the minimum service period, the full monthly recurring charge applicable for any service provided under this Tariff will apply for each month, or partial month, per account. Except as may be otherwise specified in this Tariff, there will be no pro-ration of this charge for a partial month's service when a Customer cancels service.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.9 SPECIAL ARRANGEMENTS**

- A. The rates and charges quoted in this Tariff contemplate the use of standard arrangements, that is, the arrangement normally used by the Company to provide the type of service involved.
- B. For special service arrangements to be provided by this Company, and not specifically covered in this Tariff, including but not limited to services, features, and combinations of services and features not normally offered or combined, monthly rates and the one-time charges, such as installation, nonrecurring and construction charges will apply based on the circumstances in each case.
- C. These special equipment and service items will be provided whenever, in the judgment of the Company, there is a valid reason for providing the service requested. In such cases, the Company reserves the right to require an initial contract period longer than one (1) month at the same location.
- D. The rates, terms and conditions for these Special Arrangements offerings will be established on an individual case basis.

2.10 RESERVED FOR FUTURE USE**2.11 INDIVIDUAL CASE BASIS**

In lieu of the rates otherwise set forth in this Tariff, rates and charges including installation, special construction and recurring charges for Company services may be established at negotiated rates on an ICB, taking into account the nature of the facilities and services, the costs of construction and operation, and the length of service commitment by the customer. Such arrangements shall be considered special pricing arrangements, the terms and conditions of which will be set forth in individual contracts. Special pricing arrangement rates or charges, and terms and conditions, will be made available to similarly situated customers on equal terms and conditions.

2.12 NATURAL DISASTER RELIEF FOR CUSTOMERS

In situations where customers' telecommunications services are interrupted by natural disasters, the Company may offer alternative telecommunications services to customers in the immediate affected area, and waive otherwise applicable charges for those services. The availability and details of the offers, including, but not limited to, the maximum duration of the offer or waiver of any applicable charges, will be determined by the Company in each instance of natural disaster.

The mileage between rate centers (for switched voice and data services) and Points of Presence (for Data Services) is calculated based on V & H coordinates as obtained by reference to National Exchange Carriers Association (NECA) Tariff No. 4.

Method of Calculation

The airline mileage between two service locations is calculated as follows:

$$\text{Mileage} = \sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

Where V1 and H1 are the V and H coordinates of point 1 and V2 and H2 are the coordinates of point 2. The mileage is rounded up to an integer value to determine the airline mileage.

3. CONSUMER LONG DISTANCE SERVICE OFFERINGS**3.1 GENERAL****3.1.1 DESCRIPTION OF SERVICES**

- A. The service enables customers to place long distance telephone calls within the State of Arizona. Unless otherwise expressly stated, all service descriptions and rates apply only to 1+ dialed plan rates, made from presubscribed lines. The rates may not apply to calling card calls, collect, third number billed or other billing methods, unless expressly so stated.
- B. Services are provided on a full-time monthly basis and are available in all cities, subject to the availability of facilities and/or equipment. The Company reserves the right to refuse to provide service where facilities or equipment are not available or in circumstances where it is not economically feasible.
- C. Total monthly charges for use of the Company's facilities are based upon the total time the customer utilizes such facilities, unless otherwise specified herein. Intrastate and/or intraLATA usage charges, as well as other charges, discounts, and/or features, are applicable to each individual service option.
- D. Rates and charges, excluding special taxes, fees and surcharges for service vary depending upon the option selected by the customer. Certain service offerings may involve one or more of the following: a monthly recurring charge, a minimum monthly charge for Instate and/or IntraLATA usage, charges for installation, special features, and/or charges for administrative or physical changes to a service. At additional cost, certain service options offer a customer the ability to identify individual users and allocate the cost of their long distance service through the use of accounting codes.
- E. Services are also governed by the terms and conditions contained in the Company's Interstate Rates and Services Schedule.
- F. Residential plans are available to all residential customers who have no more than five lines at a single location.
- G. Calling plans are available on a full-time basis, 24 hours a day, 7 days a week.

3. CONSUMER LONG DISTANCE SERVICE OFFERINGS**3.1 GENERAL (Cont'd)****3.1.2 DESCRIPTION OF CHARGES****A. Usage Charges**

1. Usage charges vary depending upon a combination of factors including; the time of day a call is placed, the distance between the calling and the called party, the duration of the call, and the network facilities over which the call was placed. Calls beginning in one rate period and ending in another will be billed at the rate applicable to each portion of the call.
2. Chargeable time begins when the Company receives signaling to detect that the network connection between the calling party and the called party has been established. Chargeable time ends when either party "hangs up" thereby releasing the network connection. Unless otherwise specified, residential calls are measured and billed for an initial period of 60 seconds and timed in 60-second increments. Fractional minutes of use are rounded up to the next full minute.

B. Monthly Recurring Charges

Monthly Recurring Charges are fixed fees applicable to certain service offerings set forth herein. Such charges vary depending upon the physical requirements of the customer and the characteristics of the service arrangement utilized by the customer. Monthly recurring charges for dedicated access arrangements may include an amount charged by a local access provider. Customers may elect to be billed directly for local access facilities.

C. Volume Discounts

Customers whose total monthly usage equals or exceeds a minimum level may be eligible for a volume discount. The amount of the discount is generally based upon the customer's total monthly usage charges for all services; such usage may be measured for each rate period over all access lines in a service group. The Company reserves the right to discontinue Volume Discounts to customers who are delinquent in payment for services provided by the Company. Volume discounts are not applicable to monthly recurring charges, installation charges, fees for special features and functions, administrative or physical change charges, or minimum monthly usage charges.

D. Minimum Monthly Usage Charges

Customers may be required to maintain a minimum usage level in order to receive discounted rates and charges. Unless otherwise specified, minimum usage charges are billed in advance and are not subject to volume or time-of-day discounts.

E. Installation Charges

Installation charges are applicable to certain service options requiring the physical connection of lines, ports, equipment, or other facilities. Such charges may also be assessed for changes in the service arrangement for the addition or adjustment to lines, ports, equipment, or other facility necessary to provide the service required by the customer.

F. Calling Card Service is available to residence customers subscribing to the calling plans listed in this Section. See 6.4.2, following.

G. A Payphone Use Surcharge will apply to calls that originate from any payphone when using the customer's calling card or Home 800. The appropriate service charge listed in 6.1.4, following, applies.

H. Operator Services from residential locations, which presubscribe to one of CenturyLink's 1+ dialed services, are listed in 6.2.6, following.

I. Hearing or Speech Impaired Persons Discount

Unless otherwise specified, a rate reduction will apply on all calls within the state, originating from a certified hearing or speech impaired customer's residential line. The rate reduction will be the application of a 40% discount over the established long distance rates in effect.

3.2.2 CASUAL CALLER SERVICE**A. General**

Casual Caller Service is offered and provided subject to the availability of the necessary facilities and/or equipment, to any person who uses the Company's service from an equal access (FGD) end office who does not have a current account with the Company, to include:

Any person who has not established an account with the Company who places calls over the Company's network from an equal access area.

Any person located in an equal access area who voluntarily terminated their Company account but continues to make calls over the Company's network.

Any person located in an equal access area who has had their account terminated in accordance with the terms and conditions as set forth in Section 3 but continues to make calls on the Company's network.

New or allocated Customers whose accounts are not yet established in the Company's billing system.

Subject to network availability, Casual Caller Service may be used twenty-four hours a day for calls placed to numbers in the North American Dialing Plan areas by dialing "1015046 +" to access the Company's network. Casual Caller Service may not be used to complete "011" calls to international locations. By placing a call on the Company network, a Casual Caller accepts and agrees to the regulations and rates specified in this Section.

Operator Service and Directory Assistance are not available with Casual Caller Service.

3.3 TRAVEL

The following services are applicable to the services provided by CenturyLink Communications, LLC (f/k/a Qwest Communications Company, LLC).

3.3.1 CENTURYLINK CALLING CARD

A. Description

CenturyLink Calling Card offers residential customers enhanced features and functions for use when traveling customers access the network by dialing a toll-free access number and an authorization code. To initiate a Calling Card call, the customer dials a toll free 800 number (1-800-860-6000). The voice response unit ("VRU") then instructs the customer to input the authorization code, which is the customer's billed to number plus four digits. After the proper verification of the authorization code, the VRU guides the customer through the available options. Two pricing options are available.

B. Terms and Conditions

This Calling Card is only available to customers subscribing to local service from a carrier other than Qwest Corporation.

Two alternate billing options are available. Option 1 allows the customer to use the 1-800 number to place alternately billed calls at a special rate that is not sensitive to distance, time of day, or day of week. Option 2 allows the customer to use the 1-800 number to place alternately billed calls at special rates that are not sensitive to distance, time of day, or day of week. Option 2 differs from Option 1 in that the customer elects to pay a monthly rate, in lieu of paying a surcharge per call.

C. Rates and Charges

All residential domestic calls are billed in full minute increments.

	CURRENT CHARGE	MAXIMUM CHARGE
• All Time Periods, Per Minute[1]

3. CONSUMER LONG DISTANCE SERVICE OFFERINGS**3.6 CALLING PLANS PROVIDED BY CENTURYLINK COMMUNICATIONS, LLC (F/K/A EMBARQ COMMUNICATIONS, INC.).****3.6.1 MESSAGE TELECOMMUNICATIONS SERVICES (MTS)**

Message Telecommunications Services (MTS) are available to residential customers whose local service is provided by an Embarq LOC company. Customers must select the Company as their primary exchange carrier. These rates will apply as long as the customer remains an Embarq LOC customer.

A customer's phone line may not be classified as a "business", "public" or "semi-public" line. If the Company determines the service is not being used for individual residential service, or if use of the service in any other way violates the conditions of the service to which the customer is subscribed, the subscriber will be ineligible for this service and the Company may terminate the subscriber's account immediately, upon notice.

MTS is not available in group or multi-family housing, including but not limited to housing associated with educational institutions or military barracks.

Dial-1 usage does not include usage associated with calls which are pay for use, including calls to 900, 976, 555 and 700 numbers; calls to Directory Assistance and operator assistance, including emergency interrupt; and toll free service.

Operator Services and Directory Assistance are available with MTS under the terms and conditions specified in Section 7 of this Tariff. Calls placed using Operator Services are charged at the applicable rates for those services in lieu of the rates specified herein, unless otherwise specified in the rates section for a particular Solutions Service.

A. Solutions Service

Solutions Services are add-ons to the Company's interstate Solutions Services. These services are available only through Embarq LOC to Embarq LOC residential Customers who have selected the Company as their Primary Interexchange Carrier. Customers must subscribe to Solutions Service for both the interstate and intrastate long distance service. Applicable interstate rates are located in the Company's interstate Residential Schedule.

The Solutions Service rates will apply as long as the Customer subscribes to all of the qualifying services. Customers who discontinue any or all of the qualifying services will no longer be eligible to subscribe to a Solutions Service and will be switched, upon notice, to Standard Weekends as set forth in this Section, unless specified otherwise elsewhere in this Tariff or a particular service.

4. BUSINESS COMPLEX SERVICE OFFERINGS

4.1 GENERAL

4.1.1 DESCRIPTION OF SERVICES

- A. The service enables customers to place long distance telephone calls within the State of Arizona. Unless otherwise expressly stated, all service descriptions and rates apply only to 1+ dialed plan rates, made from presubscribed lines. The rates may not apply to calling card calls, collect, third number billed or other billing methods, unless expressly so stated.
- B. Services are provided on a full-time monthly basis and are available in all cities, subject to the availability of facilities and/or equipment. The Company reserves the right to refuse to provide service where facilities or equipment are not available or in circumstances where it is not economically feasible.
- C. Total monthly charges for use of the Company's facilities are based upon the total time the customer utilizes such facilities, unless otherwise specified herein. Intrastate and/or intraLATA usage charges, as well as other charges, discounts, and/or features, are applicable to each individual service option.
- D. Rates and charges, excluding special taxes, fees and surcharges for service vary depending upon the option selected by the customer. Certain service offerings may involve one or more of the following: a monthly recurring charge, a minimum monthly charge for interLATA (instate) and/or intraLATA usage, charges for installation, special features, and/or charges for administrative or physical changes to a service. At additional cost, certain service options offer a customer the ability to identify individual users and allocate the cost of their long distance service through the use of accounting codes.
- E. Services are also governed by the terms and conditions contained in the Company's Rates and Services Schedule.
- F. Calling plans are available on a full-time basis, 24 hours a day, 7 days a week.

4. BUSINESS COMPLEX SERVICE OFFERINGS**4.1 GENERAL (Cont'd)****4.1.2 DESCRIPTION OF CHARGES****A. Usage Charges**

1. Usage charges vary depending upon a combination of factors including; the time-of-day a call is placed, the distance between the calling and the called party, the duration of the call, and the network facilities over which the call is placed. Calls beginning in one rate period and ending in another will be billed at the rate applicable to each portion of the call.
2. Unless otherwise specified, business calls are measured and billed for an initial period of 30 seconds and timed in 6-second increments for usage over 30 seconds. The call rating is rounded to the nearest full cent. Rate quotes are provided in 60-second increments.

B. Monthly Recurring Charges

Monthly Recurring Charges are fixed fees applicable to certain service offerings set forth herein. Such charges vary depending upon the physical requirements of the customer and the characteristics of the service arrangement utilized by the customer. Monthly recurring charges for dedicated access arrangements may include an amount charged by a local access provider. Customers may elect to be billed directly for local access facilities.

C. Volume Discounts

Customers whose total monthly usage equals or exceeds a minimum level may be eligible for a volume discount. The amount of the discount is generally based upon the customer's total monthly usage charges for all services; such usage may be measured for each rate period over all access lines in a service group. The Company reserves the right to discontinue Volume Discounts to customers who are delinquent in payment for services provided by the Company. Volume discounts are not applicable to monthly recurring charges, installation charges, fees for special features and functions, administrative or physical change charges, or minimum monthly usage charges.

Transactional Toll-Free Service is a toll-free number (e.g., 800, 888) service. Calls may originate from anywhere in the contiguous or mainland United States or Canada and terminate to the customer's location at no charge to the calling party. Transactional Toll Free Service is intended for customers with larger call volumes and the inbound calls are routed over dedicated facilities.

b. Terms and Conditions

- (1) This service is provisioned in conjunction with the interstate Transactional Toll Free Service. Intrastate calling is an add-on to interstate Transactional Toll Free Service that includes additional rates and charges. The service is available where billing and technical capability exists. All other terms, conditions, and customer eligibility under this plan are specified in the Company's Rates and Services Schedule.
- (2) Rates are quoted in full minutes. For intrastate calls, initial rate period is one (1) second, additional periods are 1 second intervals. A per call charge applies for each completed call. Bulk rounding applies to intrastate minutes.
- (3) If the percentage of customer's calls that do not complete (out of attempted calls) meets or exceeds the Non-completed Call Percentage Threshold for any given week, the Company may: upon 30 days notice, disconnect any and all circuit(s) providing service on which the Non-Completed Call Percentage Threshold was exceeded.

The following voice services are provided with GNS-2000 or LA service agreements.

1. Switched

GNS-2000 may be provisioned via Feature Group D ("FGD") for switched services from the customer's premises through the Local Exchange Carrier's central office to the Company network. All long-distance calls originating from or terminating to GNS-2000 switched access locations are automatically switched to the Company network. GNS-2000 Toll Free service may be provisioned on the same FGD line.

2. Dedicated

GNS-2000 may also be provisioned via dedicated lines from the customer's premises through the local central office to the Company network. Dedicated access to GNS-2000 may be provisioned by T-3, T-1 or Dedicated Access Lines (DAL).

3. *worldcard*

The *worldcard* Option S is available with GNS-2000. The *worldcard* Option F gives the customer a 5% discount for a 1-year term agreement, a 10% discount for a 2-year term agreement, and a 15% discount for a 3-year term agreement. The overage minute's rate applies for each minute of each call per month in excess of the customer's selected block of minutes. Block minutes that have not been used at the end of the Customer's billing cycle will not carry over to the next month.

This offer is only available to business customers subscribing to retail local exchange service from an affiliate of the Company that provides local service, and, requires provisioning of interstate and intrastate service. To be eligible for Long Distance Block of Minutes Option 2, the Customer can subscribe up to three (3) ISDN-PRI provided by the Company's local exchange affiliate and receive 5,000 minutes per account. Local services will be billed by the affiliate company, long distance charges will be billed separately by CenturyLink. The following qualifying products and services are required for this offer:

- CenturyLink ISDN PRS under an Express Agreement.

If customer's local service is terminated either by the customer or the Company, the customer's long distance service will be converted to the Total Advantage Express Voice rates.

4. BUSINESS COMPLEX SERVICE OFFERINGS**4.6 CALLING PLANS PROVIDED BY CENTURYLINK COMMUNICATIONS, LLC (F/K/A EMBARQ COMMUNICATIONS, INC.)****4.6.1 MESSAGE TELECOMMUNICATIONS SERVICES (MTS)**

Message Telecommunications Services (MTS) are available to residential customers whose local service is provided by an Embarq LOC company. Customers must select the Company as their primary exchange carrier. These rates will apply as long as the customer remains an Embarq LOC customer.

A customer's phone line may not be classified as a "business", "public" or "semi-public" line. If the Company determines the service is not being used for individual residential service, or if use of the service in any other way violates the conditions of the service to which the customer is subscribed, the subscriber will be ineligible for this service and the Company may terminate the subscriber's account immediately, upon notice.

MTS is not available in group or multi-family housing, including but not limited to housing associated with educational institutions or military barracks.

Dial-1 usage does not include usage associated with calls which are pay for use, including calls to 900, 976, 555 and 700 numbers; calls to Directory Assistance and operator assistance, including emergency interrupt; and toll free service.

Operator Services and Directory Assistance are available with MTS under the terms and conditions specified in Section 7 of this Tariff. Calls placed using Operator Services are charged at the applicable rates for those services in lieu of the rates specified herein, unless otherwise specified in the rates section for a particular Solutions Service.

A. Solutions Service

Solutions Services are add-ons to the Company's interstate Solutions Services. These services are available only through Embarq LOC to Embarq LOC residential Customers who have selected the Company as their Primary Interexchange Carrier. Customers must subscribe to Solutions Service for both the interstate and intrastate long distance service. Applicable interstate rates are located in the Company's interstate Residential Schedule.

The Solutions Service rates will apply as long as the Customer subscribes to all of the qualifying services. Customers who discontinue any or all of the qualifying services will no longer be eligible to subscribe to a Solutions Service and will be switched, upon notice, to Standard Weekends as set forth in this Section of this Tariff, unless specified otherwise elsewhere in this Tariff or a particular service.

Block of Time for Small Business offers small business customers a block of minutes for a flat monthly fee. This block of minutes can be used for Dial-1 long distance voice services in the interstate and intrastate jurisdictions. Block minutes will be applied in the following order to qualified domestic Dial-1 outbound (all blocks), Toll Free Service and qualified residential usage (blocks 500, 1,000, 2,000, 3,500, 5,000 and 10,000). Block minutes cannot be applied to Operator or Switched Data Service ("SDS")[1] calls. Each customer may purchase only one block of minutes for their monthly long distance usage.

Toll Free Service is available with blocks 500, 1,000, 2,000, 3,500, 5,000 and 10,000. A separate monthly recurring charge for Toll Free Service applies.

No international usage can be applied to the block minutes. The Company will charge Customers for any usage in excess of the block minutes (overage minutes) selected at the rates set forth herein. Block minutes that have not been used at the end of the Customer's billing cycle will not carry over to the next month.

Switched Data Service ("SDS")[1] will not contribute to the block of minutes.

The Customer may elect to have employee usage at satellite locations be subscribed to Block of Time for Small Business under the Customer's account via Consolidated Invoicing. No more than ten satellite locations' (e.g., customer's employees' homes) usage can be subscribed under the Customer's account. These satellite locations will receive the applicable per minute rates, including block overage rates, associated with Block of Time for Small Business. The Customer will be financially responsible for the satellite locations' Block of Time for Small Business charges.

Effective November 3, 2011, Enhanced Voice Solutions is not available to new customers whose accounts have been established in or converted to the Company's new billing and provisioning platform, and is limited to existing lines in service for current customers whose accounts have been converted. Enhanced Voice Solutions is a flat-rated service designed to meet the communications needs for mid to large business customers. Only associated customer locations are eligible to use Enhanced Voice Solutions services.

If the Company determines the service is not being used for business service or in any other way violates the restrictions of this service, the Subscriber will be ineligible for the service and the Company may terminate the Customer's account.

Calls placed using Operator Services are charged at the applicable rates for those services in lieu of the rates specified herein for Enhanced Voice Solutions. Enhanced Voice Solutions has minimum annual commitment (MAC's) levels with each level having one through three-year commitment terms. Enhanced Voice Solutions is available to single and multi-location customers for outbound calls which originate using switched access facilities and terminate using shared use facilities. A term plan will automatically renew for an equivalent term and minimum annual commitment level at the rates in effect under the prior term plan, unless either the Company or the Customer provides written notification to cancel the plan, with such notification being received by the notified party not less than 45 days prior to the expiration of the term.

4. BUSINESS COMPLEX SERVICE OFFERINGS**4.6 CALLING PLANS****4.6.1 MESSAGE TELECOMMUNICATIONS SERVICES (MTS)****C. Enhanced Voice Solutions[1] (Cont'd)**

An Enhanced Voice Solutions customer must commit to one of the following minimum annual commitment levels of contributory usage charges: (1) \$3,000, (2) \$6,000, (3) \$12,000, (4) \$36,000, or (5) \$60,000. Enhanced Voice Solutions is available on a one-year, two-year or three-year basis. Contributory usage charges are aggregated across outbound, toll free, switched data (inbound and outbound); all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level.

The Company reserves the right, after the conclusion of the first three billing months of the Enhanced Voice Solutions customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage. Enhanced Voice Solutions customers terminating all Enhanced Voice Solutions services prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to the underutilized portion of the MAC plus the full MAC for any remaining 12 month periods in their term plan agreement. The termination liability will be billed in one lump sum. Customers will not incur this termination liability for their former term plan commitment if they request a new MAC equal to or greater than the previous level and agree to sign a new term plan agreement for a period equal to or greater than the term of their current plan. The customer will, however, be assessed the termination liability if they terminate all Enhanced Voice Solutions service prior to fulfilling their new term commitments.

The rates in effect upon the commencement of the customer's term plan will remain in effect for the duration of the term plan. If the Company decreases the rates for Enhanced Voice Solutions during the term plan, the Customer will receive the lower rates on their first invoice following the effective date of the rate decreases. The Customer may add associated locations at any time during the term. All usage from subsequently-added associated locations will be exempt from any rate increases for the remainder of the term.

E. Choice Monthly Minimum

Choice Monthly Minimum is a direct dialed long distance offer designed for business customers that has a monthly minimum dollar commitment. This service is provisioned in conjunction with the interstate Choice Monthly Minimum service under which the Company provides interstate long distance calling.

This service is an add-on to the interstate Choice Monthly Minimum service that includes a monthly minimum dollar commitment. The Choice Monthly Minimum service is only available on an intrastate basis when the customer has subscribed to the interstate Choice Monthly Minimum service. All other terms, conditions and customer eligibility under this service are specified in the Company's Business Schedule.

The monthly minimum dollar commitment set forth below will apply for this intrastate plan. This charge is identical to, and shall not be in addition to, any monthly minimum dollar commitment applicable to the corollary interstate Choice Monthly Minimum for long distance calling. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. Dial-1 and International Direct Dialed usage will contribute to the monthly minimum[1].

Calls are measured and billed for an initial period of 30 seconds and timed in 6-second increments for usage over 30 seconds. The call rating is rounded to the nearest full cent. Rate quotes are provided in 60 second increments. If the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the whole cent (e.g., \$1.244 is rounded up to \$1.25).

This plan includes an option to add toll free (inbound calling) service. The toll free service is only available upon purchase of the Choice Monthly Minimum service. Toll free service has a monthly charge for each toll free number. The toll free usage and monthly charge do not contribute to the monthly minimum dollar commitment.

Easy Rate is a direct dialed long distance offer designed for business customers that make higher volume long distance calls.

This service is provisioned in conjunction with the interstate Easy Rate service under which the Company provides interstate long distance calling.

This service is an add-on to the interstate Easy Rate. The Easy Rate service is only available on an intrastate basis when the customer has subscribed to the interstate Easy Rate service. The monthly charge set forth below will apply for this intrastate plan. This charge is identical to, and shall not be in addition to, any monthly charge applicable to the corollary interstate Easy Rate service for long distance calling.

Calls are measured and billed for an initial period of 18 seconds and timed in 6-second increments for usage over 18 seconds. The call rating is rounded to the nearest full cent with a minimum \$0.01 charge for usage. Rate quotes are provided in 60 second increments.

If during the month the minute of use block is exceeded, the overage per minute rate will apply to the overage minutes.

This plan includes an option to add toll free (inbound calling) service. The toll free service has a monthly charge for each toll free number.

If an international plan is not selected by the customer then the International Basic Service rates apply.

Contributory usage charges are aggregated across monthly charges excluding the monthly charge for each toll free number, block overage usage charges (which includes Dial-1 and toll free), and International Direct Dialed are included in order for the customer to meet the minimum commitment level.

104. OBSOLETE BUSINESS COMPLEX SERVICE OFFERINGS**104.5 CALLING PLANS (Cont'd)****104.5.3 LONG DISTANCE ADVANTAGE****A. General Description**

Long Distance Advantage is an offering of business communication services consisting of switched outbound, switched inbound and card services. The services have flat rates which are based on term and minimum usage commitments. Long Distance Advantage is intended for the small business segment spending less than \$2,500.00 in telecommunications services monthly. This service works well with both single locations and multiple location businesses. The customer automatically receives the *worldcard* with this offering.

Inbound Toll Free services permit customer to receive domestic inbound calls.

B. Terms and Conditions

1. This plan is provisioned in conjunction with interstate Long Distance Advantage that has monthly fees. This plan is an add-on to the interstate Long Distance Advantage Plan that may include per-line monthly recurring charges, and is available where billing and technical capability exists. All other terms, conditions and customer eligibility under this plan are specified in the Company's Rates and Services Schedule.
2. The per-minute rates, set forth below, will apply for this intrastate plan.
3. Long Distance Advantage is available in month-to-month and 12 month term plans. There is a minimum monthly usage commitment of \$10.00 for customers receiving service under both the monthly and term plans. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. This short fall charge will be applied beginning with the customer's first full month's invoice.
4. Upon expiration of the initial term and subsequent renewal term(s), the customer's agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original agreement.

104. OBSOLETE BUSINESS COMPLEX SERVICE OFFERINGS**104.6 CALLING PLANS****104.6.1 LEGACY MESSAGE TELECOMMUNICATIONS SERVICE (MTS) (Cont'd)****A. Real Solutions Annual II**

Real Solutions Annual II is a packaged telecommunications service which offers customers using either domestic and/or international calling the flexibility to choose a flat rated option that is neither distance, time-of-day, day-of-week or usage sensitive (via switched access) for their outbound, toll free and switched data usage.

Real Solutions Annual II services allow for subscriber defined invoicing and reporting. Domestic calls will be billed an eighteen (18) second minimum. After the initial 18 second minimum, calls will be billed in six (6) second increments.

Usage rates are set forth below. Real Solutions Annual II for intrastate use is sold as an add-on service to the Company's interstate offering. Real Solutions Annual II has four minimum annual commitment levels. The \$12,000 and \$36,000 commitment levels each have one through three-year commitment terms. The \$60,000 commitment level has one and three year commitment terms. The \$300,000 commitment level has a one-year commitment term. Real Solutions Annual II is available to single and multi-location customers for outbound calls which originate using switched access facilities and terminate using shared use facilities. A term plan will automatically renew for an equivalent term and minimum annual commitment level unless the customer provides written notification to cancel the plan, with such notification being received by the Company not less than 45 days prior to the expiration of the term.

The Real Solutions Annual II customer must commit to one of the following minimum annual commitment levels of contributory usage charges: (1) \$12,000, (2) \$36,000, (3) \$60,000, (4) \$300,000. Real Solutions Annual II is available on a one-year, two-year or three-year basis for the \$12,000 and \$36,000 commitment levels; a one-year or three-year basis for the \$60,000 commitment level; and a one year basis for the \$300,000 commitment level. Contributory usage charges (calculated prior to the application of any discounts) are aggregated across outbound, toll free, switched data (inbound and outbound), including all calling options; all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level.

The Company reserves the right, after the conclusion of the first three billing months of the Real Solutions Annual II customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage.

B. Business Flex

Business Flex services are designed to meet the communications needs of small-sized business customers of switched outbound, toll free and switched data services, regardless of the number of business locations. Business Flex services are flat rate priced with a single rate for outbound, toll free and switched data interstate, intrastate and international services. The call period for Business Flex is 24 hours a day, every day. Business Flex services are available on a non-term basis.

The following services are available under Business Flex:

Outbound (Dial-1)

Toll Free/Toll Free SDS (A monthly recurring charge applies for this option.) SDS

Business Flex 50 customers will incur a monthly service charge of \$12.00 in any month in which the customer's total monthly contributory usage charges do not meet \$50.00 in usage. There is an exception for customers who have Business Flex 50 billed on their local service invoice; those customers will not be subject to the minimum service charge. A volume discount will apply to the customer's total monthly usage based on monthly spend as outlined in the rates section.

Business Flex contributory usage charges are aggregated across outbound, toll free, switched data services, including all calling options, all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum monthly commitment level. In addition, the customer's employees' Business Flex contributory usage charges, at up to 10 satellite locations (e.g., from home), will contribute to the customer's minimum monthly commitment level. The customer will be financially responsible for the satellite locations' Business Flex usage charges. The employees' usage charges will contribute to and be eligible for the Business Flex customer's volume discounts.

Feature charges, Directory Assistance per call surcharges, Operator Service usage and per call surcharges, calculated before all available discounts have been applied, are also contributory to the minimum monthly commitment level.

Usage rates for Business Flex customers are set forth below. Business Flex for intrastate use is sold as an add-on service to the Company's interstate Business Flex offering. Accordingly, recurring and nonrecurring charges are set forth in the Company's interstate Business Schedule.

- e. This competitive response offering is provisioned in conjunction with the interstate competitive response offering under which CenturyLink provides interstate long distance usage. All other terms and conditions, including any applicable discounts offered through the Company's Rates and Services Schedule (RSS), and customer eligibility under this offer are specified in the Company's Rates and Services Schedule.
- f. For potential new residence customers, the Company will condition some of its offers upon a residence customer remaining with the Company for a minimum of one year. Any minimum period of time shall be identified to the customer as part of the offer. In such cases, if the customer terminates service early, they will be billed an early termination charge.
- g. Offers may differ based on the following criteria or combinations of criteria below:
 - (1) Sales channel through which the products are sold.
 - (2) Existing customers who request to have one or more products disconnected.
 - (3) Customers who identify better competitive offer(s) available to them. CenturyLink representatives may present to these customers multiple offers up to the maximum value under this Tariff.
 - (4) Such other facts, criteria, and circumstances as the Company believes is a reasonable basis upon which to distinguish among groups of customers.
- h. The Company shall use reasonable business efforts so that similarly situated customers are offered similar incentives in similar circumstances.
- i. The Company reserves the right to review the availability and conditions of the offer or to discontinue the offer.

5.2 COMPETITIVE DISCOUNT PROGRAM

THE FOLLOWING PROGRAM IS PROVIDED BY CENTURYLINK COMMUNICATIONS, LLC (F/K/A QWEST COMMUNICATIONS COMPANY, LLC).

A. Description

The Competitive Discount Program is an offering for potential new business customers and to existing business customers to induce the acquisition or continuation of intrastate long-distance voice and data services by such customers. The program is available to these customers under a term agreement.

B. Terms and Conditions

1. This program may be offered in situations where the Company believes the customer has or could receive an offer from another telecommunications service provider. The Company may require the Customer to demonstrate to the Company's reasonable satisfaction that the Customer intends to accept the offer or remain subscribed to the other telecommunications service provider.
2. The recipients of this Discount Program and the amount of the incentive offer will be at the sole discretion of the Company.
3. The Company will determine the particular details, including but not limited to: periods and duration, class of customers, services and amounts. The Company may approve or prohibit use of this Competitive Discount Program in conjunction with another offer being marketed by the Company and/or a Company affiliate at the Company's discretion.
4. This Competitive Discount Program is provisioned in conjunction with the interstate Competitive Discount Program under which CenturyLink provides interstate long-distance voice and data services. All other terms and conditions, including any applicable discounts offered through the Company's Rates and Services Schedule, and customer eligibility under this offer are specified in the Company's Rates and Services Schedule.
5. Offers may differ for customers who identify different competitive offer(s) available to them.
6. The terms of this Competitive Discount Program may be made available to similarly situated customers on a nondiscriminatory basis.
7. The Company reserves the right to discontinue this offer.

5.3 SCHOOL AND LIBRARY DISCOUNTS

The following school and library discount is provided by CenturyLink Communications, LLC (f/k/a Embarq Communications, Inc. d/b/a CenturyLink Communications).

1. Pursuant to FCC Docket No. 96-45, FCC 97-157 (Universal Service Order), schools and libraries may be eligible for reduced rates funded by the federal universal service fund.
2. The Universal Service Support Mechanism was established to ensure affordable telecommunications service to all Americans including low-income consumers and eligible schools and libraries. Public and private schools (grades Kindergarten - Twelve) and public libraries, may be eligible for discounts (Support) through the Schools and Libraries Universal Service Support Mechanism (E-Rate Program) in connection with the purchase of The Company's services and equipment (Service). In addition, these Customers may be eligible for state or local corollaries to the E-Rate Program.

E-Rate Program

The Customer will abide by all E-Rate Program rules for receipt of Support. The Customer is responsible for applying to the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (or other authorized E-Rate Program administrator) for Support from the E-Rate program each year the Customer is eligible for the Support. The Customer will notify the Company in writing within 30 days of its receipt of a Funding Commitment Decision Letter from the SLD along with a copy of the notice and other relevant documentation as requested by the Company.

Other Funding Sources

The Customer is responsible for applying for Support from state and/or local administrators (Funding Sources). The Customer will notify the Company in writing within 30 days of its receipt of a Support commitment from such Funding Sources and will include a copy of its application, Funding Source Support documentation, and other relevant documentation as requested by the Company.

3. Receipt of Support

E-Rate Program

The Customer will pay, in full, all invoices issued by the Company prior to the Company's receipt of notification from the Funding Source acknowledging the Customer's receipt of Service. Upon notification, the Company will apply discounts to the Customer's invoices or reimburse the Customer according to the Funding Commitment Decision Letter. The Customer is responsible to apply for SLD reimbursement (instead of receiving discounted Company bills) for all eligible customer premises equipment rentals or other financed arrangements. The Company reserves the right to require the Customer to seek SLD reimbursement (instead of receiving discounted Company bills) if the Customer has not received its Funding Commitment Decision Letter from the SLD by December 31 of the funding year. All discounts or reimbursements will be retroactive to the date authorized by the SLD funding year. The Company will either apply a credit to the Customer's account or provide the Customer with a check corresponding to the appropriate amount of Support based on Service received.

Other Funding Sources

The Customer will pay, in full, all invoices issued by the Company prior to the Company's receipt of notification from the Funding Source acknowledging the Customer's receipt of Service. Upon notification, the Company will apply discounts or reimburse the Customer for Service delivered corresponding to the Funding Source acknowledgement. These discounts or reimbursements will be retroactive to the date authorized by the Funding Source funding year. The Company may reimburse the Customer with a credit to the Customer's account or with a check corresponding to the appropriate amount of Support based on Service received.

6. OPERATOR SERVICES

6.1 GENERAL

A. This Section sets forth the rates and charges applicable to the Company's Operator Assisted Service offerings. The total charge for each completed operator assisted call consists of the following charge elements:

1. A one-time fixed operator service charge added to the first minute of each operator service call, which will be dependent on the type of billing selected (i.e., Calling Card, Third Party), and/or the completion restriction selected (i.e., Person-to-Person);
2. A usage charge dependent on the duration, distance, and time of day of the call. The usage charge element is specified as duration, with a minimum charge for each call of one minute, and with fractional minutes of use thereafter counted as full minutes;
3. Other additional surcharges as provided herein (i.e., payphone surcharge, non-subscriber surcharge, location surcharge or other).

The following plans are applicable to the services provided by CenturyLink Communications, LLC (f/k/a Embarq Communications, Inc.).

B. Operator Service is available to Customers for operator-assisted calls. Access to the Company's Operator can be from either tone-generating and/or rotary-dial telephone instruments and is obtained by dialing one or more of the following dialing methods, depending upon the LEC access arrangements and/or area of origination. When calling from a payphone, hotel, motel, or other transient location, refer to the telephone instrument for dialing instructions.

Customers who are presubscribed to the Company as their Primary Interexchange Carrier may dial "00" to reach a Company operator; or dial "0+" the called telephone number (NPA+ NXX-XXXX)" for long distance calling assistance from equal access (FGD) areas.

6. OPERATOR SERVICES

6.1 GENERAL

6.1.1 DEFINITION OF TERMS (Cont'd)

Operator Assisted Calls

Calls requiring assistance for completion, usually by dialing 0+ (area code) + (exchange) + (line number); or by dialing "00", with all subsequent dialing being performed by Operator Services (0--). The following are examples of calls normally placed in this manner:

- Calling Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose. At the caller's option, and depending upon the services available at a particular location, calling card calls may entail intervention of an attended operator position (i.e., a "live" operator) or may be made on an "automated" basis. The latter are termed "Customer Dialed Calling Card Calls" for purposes of this Catalog.

- Collect Calls

Calls for which charges are billed not to the originating telephone number, but to the destination or termination telephone number.

- Person-to-Person Calls

Calls which are placed under the stipulation that the caller will speak only to a specific called party.

- Station-to-Station Calls

Calls for which charges are billed to the originating telephone number.

- Third Party Calls

Calls for which charges are billed, not to the originating telephone number, but to a third party telephone number which is neither the originating nor the terminating telephone number.

Operator Services

The operators, activities, equipment or services necessary to process Operator Assisted Calls.

6.1 GENERAL

6.1.1 DEFINITION OF TERMS (Cont'd)

Operator Surcharge

A non-usage (fixed) charge, which is added to a usage charge in calculating the total tariffed charges due for a completed Operator Assisted Call.

Service Area

The CenturyLink Service Area includes the entire State of Arizona.

Service Offering

The operator assisted services of CenturyLink consist of the provision of collect, approved telephone company calling card billed to a third number (third party) and Person-to-Person call services provided to users pursuant to arrangements established by CenturyLink's subscribers.

Time Increments

Rates are applied in whole unit increments of 60 seconds.

Time of Day

Rates are as follows:

Day	8 AM – 5 PM[1]	Monday through Friday
Evening	5 PM – 11 PM[1]	Sunday through Friday
Night/Weekend	11 PM – 8 AM[1]	Sunday through Friday, and all day Saturday
	8 AM – 5 PM[1]	Sunday

Usage Charge

A charge assessed on a per minute basis in calculating a portion of the charges due for a completed Operator Assisted Call.

User

The calling party utilizing the services of the Company, and having responsibility for the payment of charges, unless that responsibility has been accepted by others, such as in the case of Collect and Bill to Third Party calls.

6. OPERATOR SERVICES

6.1 GENERAL (Cont'd)

6.1.2 TERMS AND CONDITIONS

A. Responsibilities of the User

1. The user is responsible for payment of the charges set forth in this Tariff unless the responsibility for such payment has been accepted by the called party or a third party.
2. The user is responsible for compliance with the applicable regulations set forth in this Tariff.
3. The user is responsible for establishing its identity as often as necessary during the course of a call.
4. The user is responsible for identifying the station, party, or person with whom communications is desired and/or made at the called number.

B. Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. CenturyLink uses the rate centers and associated vertical and horizontal coordinates that are produced by Telcordia in their NPA-NXX V & H Coordinates Tape and NECA Tariff F.C.C. No. 4.

6.1.3 CALL TYPES

A. Collect, Calling Card, and Charge Third Party Calls

Charges for calls of this type will be included on the user's or called or third party's regular home or business telephone bill pursuant to billing and collection agreements established by CenturyLink for its intermediary with the applicable telephone company.

B. Billing of Calls

1. Billing for calls placed over the Company network is based in part on the duration of the call. Timing of each call begins as specified below, and ends when the called party hangs up. Billing is in one-minute increments, and no customer will be billed for an uncompleted call.
 - a. Collect Calls – Timing begins when the called party accepts the responsibility for payment.
 - b. Person-to-Person Calls (other than Collect) – Timing begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.
 - c. All Other Calls – Timing begins when the switch determines the call has been answered by utilizing standard industry methods generally in use for ascertaining answer, and if a call exceeds 18 seconds in duration.

6. OPERATOR SERVICES**6.1 GENERAL (Cont'd)****6.1.4 MISCELLANEOUS OPERATOR SERVICES CHARGES**

The following Surcharge is provided by CenturyLink Communications, LLC (f/k/a Qwest Communications Company, LLC).

A. Non-Subscriber Surcharge**1. Description**

A Non-Subscriber Surcharge is applicable to intrastate Operator Station (Collect, Billed to Third Party, Station-to-Station, and Person-to-Person) calls billed to telephone lines which are presubscribed to an interexchange carrier other than the Company. This charge is in addition to the usage rates applicable to such calls and is also in addition to any applicable service charges for Operator Station calls as specified in the Tariff unless otherwise indicated.

The Non-Subscriber Surcharge does not apply to: calls billed to calling cards or conference calls, calls to directory assistance, calls originating from Inmate/Correctional facilities, calls billed to telephone lines which have discontinued presubscription to the Company but for whom an active billing record still exists in the Company's billing system, or to collect calls accessing the Company's network via 800 access methods.

The Company will credit any Non-Subscriber Surcharges reported by newly-presubscribed Company customers during the period between presubscription and administrative processing of the new customer. The Company will also credit any Non-Subscriber Surcharges reported by customers during a F.C.C. reportable incident of service outage by another interexchange carrier. To receive either of these credits, customers must contact the Company through an 800 number designated for billing inquiries. The credit will be issued in the form of a bill credit to be processed electronically through the customer's local exchange company.

The Non-Subscriber Surcharge applies in all Local Exchange areas where billing is available.

8. PRIVATE LINE SERVICE OFFERINGS

8.1 PRIVATE LINE SERVICE

THE FOLLOWING PLANS ARE APPLICABLE TO THE SERVICES PROVIDED BY CENTURYLINK COMMUNICATIONS, LLC (F/K/A QWEST COMMUNICATIONS COMPANY, LLC).

A. General Description

1. CenturyLink's domestic Private Line Service is a point-to-point physical link between two Company Points of Presence (POP) located on the CenturyLink domestic network. The link provides interLATA dedicated non-switched electrical and/or optical transmission.
2. The service provides a fixed capacity of bandwidth for transport of the customer's digital communications traffic. The service uses and conforms to Synchronous Optical Network standards that originate and terminate a physical connection at a specified Company demarcation point located in the Company POP (POP). Service extends to and includes the equipment maintained by the Company at the Company network interface points located in the POP.
3. Private Line transmission speeds range from the DS0 level up to and including OCN speeds. Circuits at DS0, DS1, Fractional DS1 up to 512 kbps, DS3, OC3, OC12 and OC48 levels may be available between any two POP locations within the state. Provision of Private Line circuits are subject to facilities and capacity availability.

B. Terms and Conditions

1. Services are also governed by the Terms and Conditions contained in the Company's Rates and Services Schedule.
2. CenturyLink shall bill the customer on a monthly basis at the customer's designated site in the state. The customer is billed one month in advance for all monthly recurring charges due under this Agreement, in addition to the retroactive billing for the first partial month of service. Nonrecurring charges (NRCs) usually appear on the bill following the installation of or change in service that generated the NRCs. Failure to timely bill the customer for any amounts due hereunder shall not be deemed a waiver of CenturyLink's rights to payment for such charges.
3. Private Line Service is available under the Total Advantage, Q.guaranteed and Q.Integrity service offerings. Terms and conditions for the provision of the Company's Private Line Service, including, without limitation, monthly recurring and nonrecurring rates, discounts, usage minimums, and term commitments are set forth in the Tariff sections applicable to these product offerings.

8. PRIVATE LINE SERVICE OFFERINGS

8.1 PRIVATE LINE SERVICE (Cont'd)

C. Rates and Charges

1. Q.guaranteed and Q.Integrity Private Line circuits, all speeds and capacities, are priced at a fixed and variable monthly recurring charge (MRC) based upon line speed, central office connection and the V&H miles between the nearest available POP to the customer or end-user locations. V&H is determined by the NPA/NXX of the locations.
2. Total Advantage Private Line circuits are priced at a fixed recurring charge based upon line speed and the V&H miles between two Company POPs.
3. Rates specified in this Tariff for CenturyLink services requiring dedicated access do not include access and access-related charges, including, without limitation, installation charges, inside wiring charges assessed by the Incumbent Local Exchange Carrier, construction charges assessed by the Incumbent Local Exchange Carrier, and distance and termination charges assessed by the Incumbent Local Exchange Carrier. Therefore access and access related charges are additional charges.
4. OCN pricing will be on an Individual Case Basis (ICB). Pricing will be based on a 150 mile minimum circuit. Therefore, circuits with V&H mileage between the 13 customer sites of less than 150 miles will be billed the minimum of 150 miles.

B. Terms and Conditions (Cont'd)

2. Minimums

- a. Each customer must select either a minimum usage commitment per month (Minimum Monthly Commitment) or an annual usage commitment per 12-month period (Annual Minimum Commitment).
- b. If, during any Annual Period of the term commitment, the customer's total usage of Total Advantage Service falls below the Annual Minimum Commitment, the customer will be billed the actual amount for the service used plus the difference between that amount and the Annual Minimum Commitment. For customers who sign a 1-year, 2-year or 3-year Annual Minimum Commitment term, the Annual Period will begin on the first day of the second billing cycle following the customer's enrollment for service.
- c. If a customer selecting a Monthly Minimum Commitment has billed usage charges less than the required Monthly Minimum Commitment during any month's invoice, the customer will be required to pay the difference between the Monthly Minimum Commitment and the actual billed charges. For customers who sign a 1-year, 2-year or 3-year term commitment, this requirement will be applied with the fourth full month's invoice.

- a. Customers who terminate their monthly term commitment prior to the completion of the initial term and do not provide written notification to the Company, will be billed and required to pay termination charges calculated using the following method:
 - Taking the number of full months remaining in the current Annual Period in which the customer terminates the agreement, multiplied by the Monthly Usage Minimum, plus,
 - 35% of the Monthly Usage Minimum, multiplied by the number of months, if any, remaining in the then-effective term, (other than the number of months referenced in the preceding paragraph), plus,
 - any applicable third-party early termination or related charges or penalties incurred by the Company as a result of early termination by the customer of the services.
- b. Customers who terminate their annual term commitment prior to the completion of the initial term and do not provide written notification to the Company, will be billed and required to pay termination charges calculated using the following method:
 - Taking the Minimum Annual Commitment less the actual Annual Revenue generated during the Annual Period in which the customer terminates the enrollment, plus,
 - 35% of the Annual Minimum Commitment, multiplied by the number of Annual Periods remaining in the then-effective term, (other than the Annual Period referred to in the section immediately preceding) if any, plus,
 - Any applicable third-party early termination or related charges or penalties incurred by the Company as a result of the customer's early termination.

8. PRIVATE LINE SERVICE OFFERINGS**8.1 PRIVATE LINE SERVICE (Cont'd)****8.1.4 METRO PRIVATE LINE SERVICE****A. Description**

Metro Private Line Service (MPL) provides dedicated, point-to-point, private line connections between two customer locations, over a shared, high capacity fiber-optic network. The locations can be single-customer buildings, multi-tenant units or carrier POPs. The service is available only to end user business customers.

MPL Service is provided as follows:

1. On-Net to On-Net is an arrangement where both ends of the service originate in buildings using facilities that are provisioned by the Company. This service is provided at speeds of 1.544 Mbps (DS1), 44.736 Mbps (DS3), 155.52 Mbps (OC3), 622.08 Mbps (OC12) and 2.488 Gbps (OC48).

Concatenated OC3C, OC12C and OC48C are also offered. Concatenated services are not multiplexed or channelized. The entire bandwidth of the service is available to the customer for maximum transmission throughput.

2. On-Net to Off-Net is an arrangement where service is provisioned using a combination of On-Net facilities provided by the Company, and facilities that are owned and operated by a third party provider, which is considered Off-Net. The Company will order Off-Net facilities on the customer's behalf. This arrangement is provided for DS1 through OC12 only.

B. Terms and Conditions**Availability**

- MPL Service can only be provided where suitable facilities are available.
- Where suitable facilities are unavailable for provisioning of the service, but the Company agrees to provide service, special construction of the facilities may be necessary and Special Construction charges may apply.
- OC48 is not provided on an Off-Net basis.

8. PRIVATE LINE SERVICE OFFERINGS**8.1 PRIVATE LINE SERVICE****8.1.4 METRO PRIVATE LINE SERVICE (Cont'd)****C. Rate Elements****1. Mileage**

Mileage provides for the transmission facilities between two customer POTs. Mileage is comprised of a fixed rate element and a per mile rate element. Mileage is measured by airline miles between the customer's Points of Termination (POT), using the V & H Coordinates method.

2. Multiplexing

Multiplexing provides the ability to convert a higher speed channel to several lower speed channels, or to combine several lower speed channels into a single higher speed channel. Multiplexing is offered to On-Net to On-Net customers only. The multiplexing hierarchy, is as follows:

- DS3 channelizes to 28 DS1s
- OC3 channelizes to 3 DS3s
- OC12 channelizes to 4 OC3s
- OC48 channelizes to 4 OC12s

There are two types of multiplexing:

- Customer premises multiplexing, where the signal will be dropped to a lower bandwidth to different areas of a building, or
- Vendor multiplexing, that occurs in the carrier POT and gives the vendor different speed signals.

3. Node

The Node provides for the communication path between a customer's designated premises and the POT to the CenturyLink network. A Node element applies per service, e.g. DS1 or DS3 terminated at the customer's premises.

D. Rates and Charges

Rates and Charges for MPL will be developed on an Individual Case Basis (ICB) arrangement in response to a bona fide request for service from a customer or prospective customer. ICB rates will be offered to customers in writing and will be made available to similarly situated customers.

108. OBSOLETE PRIVATE LINE SERVICE OFFERINGS**108.3 DATA SERVICES**

THE FOLLOWING PLANS ARE APPLICABLE TO THE SERVICES PROVIDED BY CENTURYLINK COMMUNICATIONS, LLC (F/K/A EMBARQ COMMUNICATIONS, INC.).

Data Services is grandfathered by the Company as of April 12, 2013, and is only available to existing customers. These services will no longer be available to new customers. There is no change to rates or to the service and existing customers may retain the service as long as the Company continues to offer it.

108.3.1 TERMS AND CONDITIONS

In addition to the terms and conditions specified in Section 2 of this Tariff, the terms and conditions specified following apply to Data Services.

A. Application for Service

Application for Service is the Company order process that includes technical, billing and other descriptive information provided by the Customer which allows the Company to provide requested communications services for the Customer and Customer's authorized users. Upon acceptance by the Company, the Application for Service becomes a binding contract between the Customer and the Company for the provision and acceptance of services.

An Application for Service may be changed by Customer upon written notice to the Company, subject to acceptance and confirmation by the Company, provided that a charge shall apply to any change when the request is received by the company after notification by the Company of the acceptance and confirmation. Such charge shall be the sum of the charges and costs for access facilities and other services and features and the lesser of (i) the monthly recurring rate for each service component that has been canceled as a result of the change times the appropriate minimum service period, plus the applicable installation or nonrecurring charges, and (ii) the costs incurred by the Company in accommodating each change, less net salvage.

Costs incurred by the Company will include the direct and indirect cost of facilities specifically provided or used; the costs of installation, including design preparation, engineering, supply expense, labor and supervision, general and administrative, and any other costs resulting from the preparation, installation and removal effort.

108.3.1 TERMS AND CONDITIONS

A. Application for Service (Cont'd)

If the Customer or applicant delays activation of his service during the period thirty (30) days preceding the scheduled installation date for a period of more than one (1) week, normal charges for local distribution facilities (LDF) shall apply from the scheduled date of installation. In the event that the Customer-induced delay exists for more than thirty (30) days after the scheduled installation date, the Company may consider the delay a cancellation of application for service.

If special construction has been started prior to cancellation, a charge equal to the costs incurred in the special construction, less net salvage, applies. In determining the charge, cancelled service is treated as discontinued as of the date on which it was to have started when the Company incurs any expense in connection therewith or in preparation therefore which would not otherwise have been incurred, provided that the Customer or applicant had advised the Company in writing not to proceed with the installation or special construction.

If the Company should assume a termination liability or other obligation for an access facility, that liability or obligation shall be the responsibility of the Company's Customer.

108. OBSOLETE PRIVATE LINE SERVICE OFFERINGS**108.3 DATA SERVICES****108.3.1 TERMS AND CONDITIONS****A. Application for Service (Cont'd)****1. Cancellation of Application for Service**

When the Customer or applicant has requested the Company to cancel the application for service prior to service installation, cancellation charges will apply. Cancellation charges for both the underlying services and Local Access Facilities will be based on the stage at which the Access Service Request ("ASR") is at, either the Pre-Access Service Request ("Pre-ASR") or the Post-Access Service Request ("Post-ASR") stage.

The Pre-ASR stage is when the ASR is complete but has not yet been sent to the Local Exchange Company ("LEC") or the Alternate Access Vendor ("AAV"). The Post-ASR stage is when the ASR is complete and has been sent to the LEC or AAV.

The amount of the cancellation charge will vary according to the category of service ordered and at which stage the cancellation occurred (Pre-ASR or Post-ASR). Categories of services are: (1) the Service Component based on IXC ordered and; (2) the Access Component based on type of access ordered. See Service Cancellation Charges in this Tariff.

2. Change of an Application for Service

An Application for Service may be changed by the Customer upon written notice to the Company, subject to acceptance and confirmation by the Company provided that a charge shall apply to any change when the request is received by the Company after notification by the Company of the acceptance and confirmation.

Such charge shall be the sum of the charges and costs for Private Line Service incurred by the Company in accommodating each change including the direct and indirect costs of facilities specifically provided or used; the costs of installation (including design preparation, engineering, supply expense, labor and supervision, general and administrative) and any other costs resulting from the preparation, installation and removal effort.

108. OBSOLETE PRIVATE LINE SERVICE OFFERINGS**108.3 DATA SERVICES****108.3.1 TERMS AND CONDITIONS (Cont'd)****B. Obligations of the Customer**

In instances where the Company is connecting its service to the Customer's own Customer-provided communications system or equipment or to any service or equipment provided by others, the Customer must ensure that the equipment or system must provide answer supervision upon the delivery of the call to the switching equipment or to the equipment connected to the communications system. When service is directly connected to a communications system at a Customer's premises, answer supervision must be provided when the call terminates in or passes through the first Customer premise equipment on that communications system, such as but not limited to when a call is (1) answered by a local station; (2) answered by an attendant; (3) routed to a recorded announcement; or (4) routed elsewhere by the switching system.

The Customer must obtain an adequate number of facilities for Company Services to handle the Customer's expected demand in order to prevent interference or impairment of this service and or any other service provided by the Company considering (1) total call volume; (2) average call duration; (3) time-of-day characteristics and (4) peak calling period. The Company, without incurring any liability, may disconnect or refuse to furnish any toll free service to a Customer that fails to comply with these conditions. In case of disconnection, the Customer will be notified at least five days in advance of the disconnect. Notification may be by mail or in person.

In compliance with the obligations imposed on the Company by the Federal Communications Commission, Customer represents and warrants, on behalf of itself and its affiliates, subsidiaries, and agents, that it is not a reseller and that it does not intend to resell the services or engage in other activity that would require the Company to verify Customer's authorization as a reseller as required by 47 CFR 64.1195. If Customer or its affiliates, subsidiaries, or agents breach these representations or warranties, this agreement will terminate immediately and subject Customer to the liability imposed for termination by the Company for material breach. These provisions are not intended to prohibit resale, but are intended to prevent misrepresentations by resellers in an attempt to circumvent the rules or regulations of the FCC, or other governmental bodies with jurisdiction over the provision of communications services for resale.

The minimum service period is one year.

D. Connection with Other Communications Services

A Customer may connect communications services provided by other duly authorized and regulated common carriers to the Company's service. A Customer may also connect with privately owned communications systems, subject to the technical limitations established by the Company.

E. Alternative Access Facilities

The Company will undertake to provide Alternative Access Facilities as requested and ordered by the Customer when such facilities are available and approved by the Company. At the discretion of the Company, such alternative access facility arrangements also may be utilized in lieu of LEC facilities. Access provided via alternative access facilities will be charged according to the rates and charges set forth in this Tariff unless Special Service Arrangements are involved as described in Section 9.1.8 following.

F. Expedited Service Charge

At the request of the Customer, the Company will coordinate the expedite of circuit delivery from the access provider for any access facilities ordered and maintained by the Company. In such instances, an expedited service charge will be assessed on an individual case basis.

G. Out-of-Hours Work Charge

This charge is to cover the additional costs incurred by the Company when performing standard tariffed services outside of normal work hours. This charge applies to each hour expended rounded to the nearest half hour. It applies in addition to the standard Tariff charges for the work requested.

The rates and charges set forth in this Tariff provide for furnishing service by means of facilities selected by the Company. Custom service is involved where one or more of the following conditions are present:

1. At the request of the Customer, the Company provides service by means of facilities or a type other than that which the Company would otherwise use to provide service to the Customer. This type of custom service might involve Customer-specified routing or expedited construction.
2. At the request of the Customer, the Company provides technical assistance of a design or consulting nature, beyond that of just properly matching Customer's equipment with that of the Company's facilities.

I. Provision of Service with Non-Fiber Access Facilities

Private Line Services may be provided using non-fiber access facilities at the request of the Customer. However, in such cases, the Company may not meet the performance objectives and applicable standards for service set forth in this Tariff. Under no circumstances shall the Company be responsible for any direct, indirect, special, incidental or consequential damages arising directly or indirectly from the provision of service using such facilities, including without limitation any loss of Customer income or profits. The Customer shall indemnify and hold harmless the Company from any and all claims, actions, costs, expenses and damages associated with or arising out of Customer's use of such facilities.

A Customer will not be penalized for discontinuing a private line agreement if:

1. A revision in the Private Line Services Tariff provisions results in higher plan rates for the plan to which the Customer has committed. The Customer may request affected circuits be disconnected up to 30 days after the effective date of the higher Tariff rates without penalty. Otherwise, the Customer's existing agreement remains in effect and the new rates will be billed.
2. The Customer selects a new plan having a longer term.

K. Trouble Shooting at Customer's Premises

This charge is to cover the cost to the Company of a visit to Customer's premises to determine what equipment is the cause of a malfunctioning channel. 108. OBSOLETE PRIVATE LINE SERVICE OFFERINGS**108.3 DATA SERVICES (Cont'd)****108.3.2 LOCAL ACCESS FACILITIES****A. General Description**

In order to subscribe to the Company's data products with dedicated access, the Customer must gain entry to the Company's network by means of Local Access Facilities. Such Local Access Facilities will generally be ordered from local telephone companies in the Customer's name, by the Company, as agent. The Company will bill the Customer for these facilities.

Any special construction or non-standard charges assessed by the local telephone company supplying the Local Access Facility will also be the responsibility of the Customer. On occasions when alternative facilities are necessary (those provided in lieu of Company-designated access provided facilities), the Company will charge the Customer according to the rates and charges set forth in this Tariff unless Special Service Arrangements are involved as described in Section 9.1.8 of this Tariff.

The Company's scope of work for alternative access facilities may include, but are not limited to, detailed assessment or engineering studies, alternative vendor interface and installation supervision.

Central Office Connection charges apply in all cases in which a Customer wishes to connect to the Company network. The applicable charges are determined based on the type of access interconnected.

Access Coordination will apply in those cases where the Company acts as the Customer's agent and orders Local Access Facilities. The applicable charges are determined based on the type of access ordered.

Local Access Facilities for 56 Kbps, T-1, T-3, OC-3, and OC-12 access require a minimum commitment period of one year, unless otherwise defined through a vendor-provided term plan offering (ordered by the Company on behalf of the Customer via a letter of agency from the Customer). Any termination liabilities incurred by the Company as a result of such plans shall be solely the responsibility of the Customer.

Charges for Local Access Facilities are applied based upon the applicable local exchange company's rates and charges.

The Company reserves the right to restrict interconnection at either the wire center serving the Company POP or the Company POP itself.

Private Line Service is a non-switched, non-usage sensitive, point-to-point service which is dedicated exclusively to one Customer. The Company offers Private Line Service within the contiguous United States between Company Points of Presence (POP) on a fiber optic network. This terrestrial service provides for two-way simultaneous transmission of signals at data speeds of 1.544 Mbps up to 622.08 Mbps. Local Access Facilities may limit the performance specifications that the end user can anticipate.

Private Line Services offered are:

TransLink (T-1/DS-1)
LightLink (T-3/DS-3)
OptiPoint-3 (OC-3)
OptiPoint-12 (OC-12)

1. TransLink Service

TransLink Service provides a high capacity channel for the transmission of 1.544 Mbps isochronous serial data having a line code of Bipolar Return-to-Zero (BPRZ). TransLink Service is provided between two points located within the contiguous United States. The required format and interface specifications are contained in Technical Reference Publications GR-54 and GR-342. The performance objectives for TransLink Service between the Company's Points of Presence are as follows:

Customers may subscribe to Private Line Services under one, two or three year term plans. The rates in effect for Private Line Services and Local Access Facilities at the time the Customer commits to a term plan will be fixed for the duration of the term plan. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the term plan rates for successive ninety (90) day periods, unless sixty (60) days prior to the end of the term or each such extension either (a) the Customer or the Company provides written notice to the other that it does not want such extension, or (b) the Customer subscribes to another term plan for which the rates of the new term will apply.

If additional Customer sites are added to a Customer's Private Line Service after the initial subscription to a term plan, such sites will be incorporated into the Customer's term plan and will have the same termination date as the Customer's original term plan. Existing Customers may subscribe to a new term plan for Private Line Services of the same or greater value prior to the end of the Customer's existing term plan without incurring any termination liability if the new term plan extends beyond the old term plan termination date by at least one year or if the new term plan is for three years.

D. Termination Liability

To terminate Private Line Services the Customer must provide the Company with thirty (30) days prior written notice.

Customers terminating service prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to a lump sum of fifty percent (50%) of the monthly recurring charges for each circuit cancelled multiplied by the number of months remaining in the term plan. Customer will not have any termination liability if another Company service of the same or greater monthly price and volume and a term no less than the remaining months of the term plan or one (1) year, whichever is greater, is ordered at the same time the notice of termination is received. Customer will also be liable for a pro-rata amount of any waived installation charges based on the number of months remaining in the term plan.

If service is terminated by the Company for cause and the Customer has subscribed to service under a term plan, the Customer will be charged the termination liability associated with the term plan.

The Company's Monthly Recurring and Installation Charges for Clear Channel Capability mirror its interstate Clear Channel Capability charges. See the Company's interstate Schedule.

G. Service Cancellation Charges

The following nonrecurring charges apply for service orders cancelled at the request of the Customer or applicant. In instances where the Customer applicant has cancelled an order and one end of the Access Component is in the Pre-ASR stage and another end is in the Post-ASR stage, the applicable Service Component will be assessed the Post-ASR charge.

9. ADVANCE COMMUNICATION SERVICES OFFERINGS**9.1 METRO OPTICAL ETHERNET****A. General****1. Description**

Metro Optical Ethernet (MOE) Service is a flexible, easy-to-use, transport service that uses established Ethernet transport technology. MOE allows customers to connect multiple enterprise locations within a service area using native Ethernet protocol. MOE supports transmission speeds as low as 5 Mbps and up to 1 Gbps.

B. Rate Elements**1. MOE Port**

MOE Port is an Ethernet port that is the physical entry point to the shared Metro Optical Ethernet Network. Ethernet Virtual Circuits (EVCs) originate and terminate on a MOE Port. Customers may choose to connect to a 10/100 or 1,000 Mbps port on the Company network. A nonrecurring charge applies per MOE Port.

C. Bandwidth Profile

1. The Bandwidth Profile is bandwidth provisioned over the MOE Port and a monthly rate is assessed per Bandwidth Profile. Customers may subscribe to one of the following:

- 10/100 Mbps Ports: 5 Mbps, 10 Mbps, 20 Mbps, 30 Mbps, 40 Mbps, 50 Mbps, 60 Mbps, 70 Mbps, 80 Mbps, 90 Mbps and 100 Mbps
- 1,000 Mbps Ports: 100 Mbps, 150 Mbps, 200 Mbps, 300 Mbps, 400 Mbps, 500 Mbps, 600 Mbps, 700 Mbps, 800 Mbps, 900 Mbps and 1,000 Mbps

D. Rates and Charges

Rates and Charges for MOE will be developed on an Individual Case Basis (ICB) arrangement in response to a bona fide request for service from a customer or prospective customer. ICB rates will be offered to customers in writing and will be made available to similarly situated customers.

109. OBSOLETE ADVANCE COMMUNICATION SERVICES OFFERINGS**109.1 FRAME RELAY SERVICE**

Effective: December 18, 2013, Frame Relay Service will no longer be available to new customers or for new orders from existing customers (except to the extent permitted by contract).

Existing customers of these services will be grandfathered as follows:

- Existing contracts for these services will not be renewed.
- Customers with a contract that expires prior to December 15, 2014 may retain their Frame Relay Service covered by that contract on a month-to-month basis until December 15, 2014.
- Customers with a contract that expires after December 15, 2014 may retain their Frame Relay Service covered by that contract until the expiration of that contract.

A. General Description

1. Frame Relay Service is a public, fast-packet data network service that employs a form of packet switching analogous to a streamlined version of X.25 networks. The packets are in the form of "frames", which are variable in length, with the payload being anywhere between 0 and 4,096 octets. Frame Relay Service supports a variety of simultaneous data applications over a single integrated facility such as data, voice, and video. Transmission of frames between the user sites is on the basis of Permanent Virtual Circuits (PVCs) which are predetermined paths specifically defined in the Frame Relay routing logic. The following Usage Parameters for traffic control and congestion control apply to particular virtual circuits on Frame Relay Service:

- Committed Burst Size: The maximum data rate that the Company agrees to handle over a subscriber link under normal network operation conditions.
- Excess Burst Size: The maximum data rate that the Company's network will attempt to transport over a specified period of time, known as the Measurement Interval. At the Company's discretion, the Company may mark the excess frames as Discard Eligible (DE).

109. OBSOLETE ADVANCE COMMUNICATION SERVICES OFFERINGS**109.1 FRAME RELAY SERVICE****A. General Description (Cont'd)**

2. Virtual Circuits (VCs) are two-way, software-defined data paths between two ports that act as replacements for private or dedicated leased lines in the customer's network. Frame Relay Service supports routing on a pre-established connection or PVC.
3. Port connection provides a gateway into the Frame Relay network and allocates the network's available capacity to the virtual connections it supports.

B. Terms and Conditions

1. Services are also governed by the Terms and Conditions contained in the Company's Rates and Services Schedule.
2. The provision of Frame Relay Service is subject to capacity and facilities availability.
3. Frame Relay Service is available under Total Advantage, Q.guaranteed and Q. Integrity service offerings. Terms and conditions for the provision of Frame Relay Service, including, without limitation, monthly recurring and nonrecurring rates, discounts, usage minimums, and term commitments are set forth in the Section 4, preceding.
4. Service Level Availability Guarantees are the same as set forth in the Company's Rates and Services Schedule.

109. OBSOLETE ADVANCE COMMUNICATION SERVICES OFFERINGS**109.2 ATM SERVICE**

Effective: December 18, 2013, ATM Service will no longer be available to new customers or for new orders from existing customers (except to the extent permitted by contract).

Existing customers of these services will be grandfathered as follows:

- Existing contracts for these services will not be renewed.
- Customers with a contract that expires prior to December 15, 2014 may retain their ATM Service covered by that contract on a month-to-month basis until December 15, 2014.
- Customers with a contract that expires after December 15, 2014 may retain their ATM Service covered by that contract until the expiration of that contract.

A. General Description

1. ATM Service is a high-speed, connection oriented multiplexing and switching service that uses fixed-length cells to support transmission of multiple types of traffic (such as data, voice and video) over a Local Area Network (LAN) or Wide Area Network (WAN).
2. ATM Service allows for a fixed-length 53-byte cell, which consists of 48 byte payload and 5-byte header, to transport user data across the network. Switching is done based on the contents of the cell header.
3. The ATM Port Connection provides a gateway into the Company ATM Network and allocates the network's available capacity to the Virtual Connections it supports. At least one Port must exist for each customer premises directly connected to the Company ATM Network.
4. Virtual Circuits (VCs) are two-way, software-defined data paths between two Ports that act as replacements for private or dedicated leased lines in the customer's network. ATM Service supports cell routing on a pre-established connection or Permanent Virtual Circuit (PVC), or connection on demand basis or Switched Virtual Circuit (SVC). The customer at or prior to connection set up must designate a service category.

109. OBSOLETE ADVANCE COMMUNICATION SERVICES OFFERINGS**109.2 ATM SERVICE (Cont'd)****B. Terms and Conditions**

1. Services are also governed by the Terms and Conditions contained in the Company's Rates and Services Schedule.
2. The provision of ATM Service is subject to capacity and facilities availability.
3. ATM Service is available under Total Advantage, Q.guaranteed and Q.Integrity service offerings. Terms and conditions for the provision of ATM Service, including, without limitation, monthly recurring and nonrecurring rates, discounts, usage minimums, and term commitments are set forth in the Section 4, preceding.
4. Service Level Availability Guarantees are the same as set forth in the Company's Rates and Services Schedule.

C. Rates and Charges

1. Rates specified in this Tariff for CenturyLink services requiring dedicated access do not include access and access-related charges, including, without limitation, installation charges, inside wiring charges assessed by the Incumbent Local Exchange Carrier, construction charges assessed by the Incumbent Local Exchange Carrier, and distance and termination charges assessed by the Incumbent Local Exchange Carrier. Therefore access and access related charges are additional charges.
2. Five Quality of Service (QoS) offerings are available for ATM Service PVCs on a per connection basis.
3. Five Quality of Service (QoS) offerings are available for ATM Service SVCs on a per connection basis. Charges for usage for each QoS are based on the number of megabytes (MB) transported across a SVC on the ATM network per month.
